### Van Gansewinkel appoints new members of the Group Executive Committee

Van Gansewinkel Groep is pleased to announce that effective from 1 January 2014 its Group Executive Committee has been strengthened by the addition of three new directors.

**Joanne Zwueste** (54) has been appointed to the position of Director HR. Joanne comes to us from KPN Corporate Market (formerly Getronics), where she held the office of Global Vice President HR. Previous to this, she held a number of international and senior HR positions at ING, AXA Verzekeringen and Fortis, amongst others.

**Dennis Leeuwerik** (41) has been appointed to the position of Director Sales for the business unit Waste Collection. Dennis's previous position was that of Managing Director Europe at British Car Auctions. Prior to this, he worked at DELL, where amongst other duties he was responsible for the EMEA OEM Division and also held the office of Sales Director Southern Region there.

**Pim Berendsen** (40) has been appointed to the position of Director Corporate Development. Pim comes to us from PostNL, where he was a member of their Executive Committee. The most recent position he held there was that of Managing Director of the business unit Data & Document Management.

The new members of the Group Executive Committee will work closely with the existing team to implement the continued rollout of Van Gansewinkel's ambitious strategy, this being to consolidate and improve its position as market leader in the Benelux countries and to play a prominent and inspirational role within the circular economy.

**About Van Gansewinkel**

Van Gansewinkel is a provider of waste management services and a recycler, as well as being a supplier of high-quality secondary raw materials. Recycling is used to give 65% of the waste collected a second life as raw materials. Van Gansewinkel's activities are good for sales of over 1 billion euros per year. Van Gansewinkel is the market leader in the Benelux region (its home market) and is also engaged in activities in Germany, France, Portugal, the Czech Republic, Poland and Hungary. Its activities stem from its core vision, namely to take today's waste and extract from it the raw materials for the products of tomorrow. Our motto is: **Waste No More.**
