The Issuer may, at its option, (i) from, and including, 20 January 2023 to, but excluding, the Maturity Date (as defined below), redeem the Bonds outstanding on any such date, in whole or in part, at their principal amount together with accrued interest, as described under “Terms and Conditions of the Bonds - Redemption and Purchase – Redemption at the Option of the Issuer – Pre-Maturity Call Option”, (ii) redeem the Bonds outstanding, in whole or in part, at any time prior to 20 January 2023 and in accordance with the provisions set out in “Terms and Conditions of the Bonds - Redemption and Purchase – Redemption at the Option of the Issuer – Make Whole Redemption by the Issuer” and (iii) redeem all, but not some only, of the Bonds outstanding at any time and in accordance with the provisions set out in “Terms and Conditions of the Bonds - Redemption and Purchase – Redemption at the Option of the Issuer – Squeeze-Out Call Option”. The Issuer may also, at its option, if 80 per cent. or more in nominal amount of the Bonds then outstanding have been redeemed following exercise of the holders of the Bonds (the “**Bondholders**”) put option described under “Terms and Conditions of the Bonds - Redemption and Purchase – Redemption at the Option of the Bondholders (Change of Control)” redeem all such remaining Bonds at the Put Amount (as defined in the Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the Option of the Bondholders (Change of Control) herein), as more fully described in such Condition. The Issuer may also, at its option, and in certain circumstances shall, redeem all, but not some only, of the Bonds at any time at par plus accrued interest in the event of certain tax changes as described under “Terms and Conditions of the Bonds - Redemption and Purchase”. Unless previously redeemed or purchased and cancelled, the Bonds will be redeemed at their principal amount on 20 April 2023 (the “**Maturity Date**”).

Each holder of each Bond will have the option, following a Change of Control (as defined herein), to require the Issuer to redeem or, at the Issuer’s option, purchase that Bond at its Adjusted Amount (as defined herein) together with any accrued interest thereon as more fully described under “Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the Option of the Bondholders (Change of Control)”.

This prospectus (including the documents incorporated by reference) constitutes a prospectus (the “**Prospectus**”) for the purposes of Article 5.3 of Directive 2003/71/EC of the European Parliament and of the Council on the prospectus to be published when securities are offered to the public or admitted to trading (the “**Prospectus Directive**”). References in this Prospectus to the “Prospectus Directive” shall include the amendments made thereto by Directive 2010/73/EU and any relevant implementing measure in the relevant Member State of the European Economic Area. This Prospectus has been approved by the *Autorité des marchés financiers* (the “**AMF**”) in France, in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Prospectus Directive. Application has been made to list and admit the Bonds to trading on the regulated market of Euronext in Paris (“**Euronext Paris**”). References in this Prospectus to the Bonds being “listed” (and all related references) shall mean that the Bonds have been listed and admitted to trading on Euronext Paris with effect from the Issue Date. Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments.

The Bonds have been accepted for clearance through Euroclear France, Clearstream Banking, S.A. (“**Clearstream**”) and Euroclear Bank SA/NV (“**Euroclear**”). The Bonds will on the Issue Date be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in “Terms and Conditions of the Bonds – Form, Denomination and Title” herein) including Euroclear and the depository bank for Clearstream.

The Bonds will be issued in dematerialised bearer form in the denomination of €100,000 each. The Bonds will at all times be represented in book entry form (*dématisé*) in the books of the Account Holders (as defined in “Terms and Conditions of the Bonds – Form, Denomination and Title” herein) in compliance with Articles L. 211-3 and R. 211-1 of the French *Code monétaire et financier*. No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Issuer was rated BBB- with a stable outlook by S&P Global Ratings (“**S&P**”) on 29 September 2016. The Bonds have been assigned a rating of BBB- by S&P. S&P is established in the European Union, registered under Regulation (EC) No. 1060/2009, as amended (the “**CRA Regulation**”) and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu) in accordance with the CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus.

Copies of this Prospectus and the documents incorporated by reference will be published on the website of the Issuer (www.wendelgroup.com) and on the website of the AMF (www.amf-france.org).

RISK FACTORS

Prior to making an investment decision, prospective investors in the Bonds should consider carefully, in the light of the circumstances and their investment objectives, the information contained and/or incorporated by reference in this entire Prospectus. Prospective investors should consider, among other things, the risk factors set out below. This summary is not intended to be exhaustive. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus.

I. Risks relating to the Issuer

The risks relating to the Issuer are set out on pages 117 to 123 and 249 to 258, 286 to 287 and 328 in the 2015 *Document de Référence* (as defined in “Documents Incorporated by Reference”) and on pages 28 to 35 and 58 in the 2016 *Rapport Financier Semestriel* (as defined in “Documents Incorporated by Reference”), incorporated by reference herein.

II. Risks relating to the Bonds

A. General risks relating to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Modification

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Change of law

The Terms and Conditions of the Bonds are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or official

application or interpretation of French law after the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard procedure (*procédure de sauvegarde*), accelerated safeguard procedure (*procédure de sauvegarde accélérée*), accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer regardless of their governing law. The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), accelerated financial safeguard plan (*projet du plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders who voted during such Assembly; notwithstanding any clause to the contrary and the law governing the issuance agreement). No quorum is required for the Assembly to be validly held.

Stipulations relating to the representation of holders of the Bonds will not be applicable if they depart from any imperative dispositions of French insolvency law that may be applicable.

The procedures, as described above or as they may be amended, could have an adverse impact on holders of the Bonds seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

Market value of the Bonds

The market value of the Bonds will be affected by the creditworthiness of the Issuer and a number of additional factors.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which such Bonds are traded. The price at which a holder of such Bonds will be able to sell such Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase, sale or pledge of any Bonds.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

B. Risks related to the market generally

The secondary market generally

An established trading market in the Bonds may never develop or if a secondary market does develop, it may not be very liquid. Although this Prospectus will be filed with the AMF in Paris as the Bonds are expected to be listed and admitted to trading on Euronext Paris, there is no assurance that such filings will be accepted, that the Bonds will be so listed and admitted or that an active market will develop. Therefore, investors may not be able to sell their Bonds in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or may not be able to sell their Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of the euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

While the nominal interest rate of a fixed interest rate bond is fixed during the life of such a bond or during a certain period of time, the current interest rate on the capital market (market interest rate) typically changes on a daily basis. As the market interest rate changes, the price of such bond changes in the opposite direction. If the market interest rate increases, the price of such bond typically falls, until the yield of such bond is approximately equal to the market interest rate. If the market interest rate decreases, the price of a fixed rate bond typically increases, until the yield of such bond is approximately equal to the market interest rate. Bondholders should be aware that movements of the market interest rate can adversely affect the price of the Bonds and can lead to losses for the Bondholders if they sell Bonds during the period in which the market interest rate exceeds the fixed rate of the Bonds.

C. Risks relating to the particular structure of the Bonds

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Bonds due to any withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in certain circumstances shall be required to, redeem all, but not some only, of the outstanding Bonds in accordance with the Terms and Conditions of the Bonds.

In addition, the Issuer has the option to redeem all or any of the outstanding Bonds, as provided in Condition 6(4). During the period when the Issuer may elect to redeem the Bonds, the market value of the Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

In addition, if 80 per cent. or more in nominal amount of the Bonds then outstanding have been redeemed and as described below, the Issuer shall be entitled to redeem all such remaining outstanding Bonds in accordance with the Terms and Conditions of the Bonds.

In the event the Issuer redeems the Bonds as provided in Condition 6, an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer exercises its option pursuant to Condition 6(4) to redeem less than all the outstanding Bonds on any day such redemption shall be effected by reducing the principal amount of all of the Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day and any trading market in respect of these Bonds which have not been redeemed may become illiquid.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

Depending on the number of Bonds in respect of which the put option provided in Condition 6(5) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Bonds may affect the liquidity of the Bonds which have not been so purchased

Depending on the number of Bonds purchased by the Issuer as provided in Condition 6(6), any trading market in respect of those Bonds that have not been so purchased may become illiquid.

Credit rating of the Bonds

The Bonds have been assigned a rating of BBB- by S&P. The rating assigned to the Bonds by the rating agency is based on the Issuer's financial situation, but takes into account other relevant structural features of the transaction, including, *inter alia*, the terms of the Bonds, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Bonds. The rating addresses the likelihood of full and timely payment to the Bondholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency's judgement, circumstances so warrant. A credit rating and/or a corporate rating are not a recommendation to buy, sell or hold securities. Any adverse change in an applicable credit rating could adversely affect the trading price for the Bonds.

Restrictive covenants

The Bonds do not restrict the Issuer or its Subsidiaries (as defined in the Terms and Conditions of the Bonds) from incurring additional debt. The Terms and Conditions of the Bonds contain a negative pledge that prohibits the Issuer and its Principal Subsidiaries (as defined in the Terms and Conditions of the Bonds) in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed or quoted debt instruments, and there are certain exceptions to the negative

pledge. The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of the Issuer, or its ability to distribute dividends or buy back shares. The Issuer's Subsidiaries are not bound by obligations of the Issuer under the Bonds and are not guarantors of the Bonds.

Structural subordination due to holding company status

The Issuer is a holding company. Investors will not have any direct claims on the cash flows or the assets of the Issuer's Subsidiaries, and such Subsidiaries have no obligation, contingent or otherwise, to pay amounts due under the Bonds or to make funds available to the Issuer for these payments.

Claims of the creditors of the Issuer's Subsidiaries have priority as to the assets of such Subsidiaries over the claims of the Issuer's creditors. Consequently, holders of the Bonds are in effect structurally subordinated on insolvency to the prior claims of the creditors of the Issuer's Subsidiaries.

D. Risks relating to taxation

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summaries contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in conjunction with the taxation sections of this Prospectus.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Bonds should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including where the financial instrument which is subject to the dealings is issued in a participating Member State.

In a meeting dated October 10th 2016, the Ministers of Participating Member States (excepting Estonia) set up the outline of the scope of the FTT (which does not differ from the initial proposals) and confirmed their intention to introduce a first draft before the end of the year. The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear.

Additional EU Member States may decide to participate. Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

The Issuer entered into an agency agreement dated 18 October 2016 relating to the Bonds (such agreement as amended and/or supplemented and/or restated from time to time, the “**Agency Agreement**”) with Société Générale as fiscal agent and paying agent (the “**Paying Agent**” and, together with any other paying agents appointed from time to time, the “**Paying Agents**”, which term shall include successors) and as calculation agent (the “**Calculation Agent**”, which term shall include successors).

Article 1195 of the French Code civil shall not apply to these Conditions.

1 Form, Denomination and Title

(1) Form and Denomination

The Bonds are issued on 20 October 2016 (the “**Issue Date**”) in dematerialised bearer form in the denomination of €100,000 each (the “**Denomination**”). Title to the Bonds will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France, which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “**Account Holders**” shall mean any intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”) and the depositary bank for Clearstream Banking, S.A. (“**Clearstream**”).

(2) Title

Title to the Bonds shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books.

2 Status of the Bonds

The obligations of the Issuer in respect of the Bonds constitute direct, unconditional and (subject to the provisions of Condition 3) unsecured and unsubordinated obligations of the Issuer and (subject to the provisions of Condition 3) rank and will rank *pari passu*, without any preference among themselves and, subject to such exceptions as are from time to time mandatory under French law, with all other outstanding, unsecured and unsubordinated obligations, present and future, of the Issuer.

3 Negative Pledge

(1) Negative Pledge

So long as any of the Bonds remains outstanding (as defined below), the Issuer will not, and will ensure that save as stated in paragraph (2) below no Principal Subsidiary (as defined below) shall,

create or permit to subsist any Security Interest (as defined below) upon the whole or any part of the Issuer's or such Principal Subsidiary's (as defined below) present or future undertaking, business, assets or revenues to secure any Relevant Indebtedness (as defined below), unless at the same time or prior thereto the Issuer's obligations under the Bonds either (a) are equally and rateably secured by such Security Interest (as defined below) or (b) have the benefit of such other security, guarantee or indemnity or other arrangement as shall be approved by a General Meeting (as defined below) in accordance with Condition 11. For the avoidance of doubt, any escrow arrangement is not a Security Interest (as defined below) and does not fall within the scope of this negative pledge provision.

(2) **Acquisition Debt**

Paragraph (1) above shall not apply to any Security Interest (as defined below) created by a Principal Subsidiary (as defined below) to secure any Relevant Indebtedness (as defined below) which is incurred (or granted in the case of a guarantee) for or in connection with any one or more of the following purposes: (i) financing in whole or in part the making of an Acquisition (as defined below); (ii) paying or funding in whole or in part related fees, costs, expenses and financing requirements; (iii) refinancing financial indebtedness of the target of such Acquisition (as defined below) (x) existing at the time of the Acquisition (as defined below) or (y) incurred at any time during a 12-month period beginning on the date of the Acquisition (as defined below); and (iv) refinancing in whole or in part financial indebtedness taken on for any or all of the foregoing purposes.

(3) **Interpretation**

For the purposes of these Conditions:

- (a) **"outstanding"** means, in relation to the Bonds, all the Bonds issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Bonds to the date for such redemption and any interest payable under Condition 4 after such date) have been duly paid to the Paying Agent and (c) those which have been purchased and cancelled as provided in Condition 6.
- (b) **"Relevant Indebtedness"** means (i) any present or future indebtedness for borrowed money for, or in respect of, or represented by any notes (excluding, for the avoidance of doubt, notes constituting promissory notes and bills of exchange issued in the ordinary course of trade), bonds (*obligations*), debentures, debenture stock, loan stock or other securities (including *titres de créances négociables*) which are for the time being, or are likely to be or capable of being, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market and (ii) any guarantee or indemnity or other like obligation granted in respect of any such indebtedness;
- (c) **"Acquisition"** means the purchase of a business by either (i) a Principal Subsidiary or (ii) an entity in which the Issuer has an interest which permits it to appoint at least one member of the board of directors (or its equivalent) of such entity, including by way of the purchase of (x) the assets, liabilities and associated goodwill of that business; (y) the shares (or equivalent units) in each company, entity or fund which is carrying on that business;

4 Interest

(1) Interest Payment Dates

The Bonds bear interest from and including the Issue Date. The Bonds bear interest on their outstanding principal amount from time to time at the rate of 1.00 per cent. *per annum*, payable annually *in arrear* on 20 April in each year commencing on 20 April 2017 (each, an “**Interest Payment Date**”), provided that there will be a short first coupon in respect of the period from, and including, the Issue Date to, but excluding, 20 April 2017.

The amount of interest payable in respect of each Bond on each Interest Payment Date (assuming no partial redemption by the Issuer pursuant to Condition 6(4) below) shall be €498.63 on the first Interest Payment Date falling on 20 April 2017 and €1000 on each Interest Payment Date falling thereafter.

(2) Interest Accrual

Each Bond will cease to bear interest from and including the due date for redemption unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (both before and after judgment, as the case may be) until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Bond up to that date have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Bonds has been received by the Paying Agent and notice to that effect has been given to the Bondholders in accordance with Condition 10.

(3) Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full year, it shall be calculated on the basis of an Actual/Actual (ICMA) basis for each period, that is to say the actual number of calendar days elapsed during the relevant period divided by 365 (or by 366 if a February 29 is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5 Payments

(1) Method of Payment

Payments of principal and interest in respect of the Bonds will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee in a city in which banks have access to the TARGET System. “**TARGET System**” means the Trans European Automated Real Time Gross Settlement Express Transfer (known as TARGET2) system or any successor thereto.

Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments validly made to such Account Holders in favour of the Bondholders will be an effective discharge of the Issuer and the Paying Agents, as the case may be, in respect of such payments.

Payments of principal and interest on the Bonds will, in all cases, be subject to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(2) **Payment only on a Business Day**

If any due date for payment of principal or interest in respect of any Bond is not a Business Day (as defined below), then the Bondholder thereof shall not be entitled to payment of the amount due until the next following day which is a Business Day and the Bondholder shall not be entitled to any interest or other sums in respect of such postponed payment.

In this Condition:

“**Business Day**” means, any day, not being a Saturday or a Sunday on which the TARGET System is operating and on which Euroclear France is open for general business.

(3) **Initial Paying Agent and Calculation Agent**

The name of the initial Paying Agent and Calculation Agent and its initial specified office is set out at the end of these Conditions. The Issuer reserves the right at any time to vary or terminate the appointment of a Paying Agent or the Calculation Agent and to appoint additional or other Paying Agents or a successor Calculation Agent provided that it will at all times maintain:

- (a) a Fiscal Agent and a Calculation Agent; and
- (b) a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to the surviving provisions of the repealed European Council Directive 2003/48/EC by application of Directive 2015/2060, or by any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income or any law (of a country whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such directive or directives.

Notice of any termination or appointment and of any changes in specified offices shall be given to the Bondholders promptly by or on behalf of the Issuer in accordance with Condition 10.

6 **Redemption and Purchase**

(1) **Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as provided below, the Issuer will redeem the Bonds at their principal amount on 20 April 2023.

(2) **Redemption for Taxation Reasons**

If, as a result of any change in, or amendment to, the laws or regulations of the Republic of France or any political sub-division or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective after the Issue Date, the Issuer would, on the next Interest Payment Date, be required to pay Additional Amounts (as defined, and as provided or referred to in Condition 7(2)), and the requirement cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may at its option, at any time, having given not less than 30 nor more than 60 days' notice to the Bondholders, in accordance with Condition 10 (which notice shall be irrevocable), redeem all outstanding Bonds, but not some only, at any time at their principal amount together with interest accrued to but excluding the date of redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds or, if such date is past, as soon as practicable thereafter.

(3) **Special Tax Redemption**

If the Issuer would on the next Interest Payment Date be prohibited by any law or regulation of the Republic of France from making the payment of the Additional Amounts as provided or referred to in Condition 7(2), the Issuer shall, in lieu of making any such payments, at any time, having given not less than 7 nor more than 45 days' notice to the Bondholders in accordance with Condition 10, redeem all outstanding Bonds at their principal amount, together with accrued interest to the date fixed for redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds or, if such date is past, as soon as practicable thereafter.

(4) **Redemption at the Option of the Issuer**

(a) **Pre-Maturity Call Option**

The Issuer may, at its option, from and including 20 January 2023 to but excluding the Maturity Date, having given not less than 30 or more than 60 days' notice to the Bondholders in accordance with Condition 10 (which notice shall be irrevocable), redeem the outstanding Bonds, in whole or in part, at their principal amount together with interest accrued to but excluding the date of redemption.

(b) **Make Whole Redemption by the Issuer**

The Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and having given not less than 30 nor more than 60 calendar days' notice to the Bondholders in accordance with Condition 10 (which notice shall be irrevocable), have the option to redeem the outstanding Bonds, in whole or in part, at any time prior to 20 January 2023 (the "**Optional Make Whole Redemption Date**") at their Optional Redemption Amount (as defined below).

The Optional Redemption Amount will be calculated by the Calculation Agent and will be an amount in Euro rounded to the nearest cent (half a cent being rounded upwards) being the greater of (x) 100 per cent. of the Denomination of the Bonds so redeemed and (y) the sum of the then present values on the relevant Optional Make Whole Redemption Date of (i) the Denomination of each Bond and (ii) the remaining scheduled payments of interest on such Bond for the remaining term of such Bond (determined on the basis of the interest rate applicable to such Bond (excluding any interest accruing on such Bond from and including the Issue Date or, as the case may be, the scheduled Interest Payment Date immediately preceding such Optional Make Whole Redemption Date to, but excluding, such Optional Make Whole Redemption Date)), discounted from the Maturity Date to such Optional Make Whole Redemption Date on an annual basis at the Early Redemption Rate (as defined below) plus an Early Redemption Margin (as defined below), plus in each case (x) or (y) above, any interest accrued on the Bonds to, but excluding the Optional Make Whole Redemption Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Bondholders.

Early Redemption Margin means 0.25 per cent. *per annum*.

Early Redemption Rate means the average of the six quotations given by the Reference Dealers (as defined below) of the mid-market annual yield to maturity of the Reference Benchmark Security (as defined below) on the fourth business day in Paris preceding the relevant Optional Make Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

If the Reference Benchmark Security (as defined below) is no longer outstanding, a Similar Security (as defined below) will be chosen by the

Calculation Agent after prior consultation with the Issuer if practicable under the circumstances, at 11.00 a.m. (Central European time (CET)) on the fourth business day in Paris preceding the Optional Make Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer.

Reference Benchmark Security means the German Government bond (DBL February 2023 maturing in February 2023 with ISIN DE0001102309).

Reference Dealers means each of the six banks (that shall, under any practicable circumstances, include, Crédit Industriel et Commercial S.A., Merrill Lynch International, Natixis, and Société Générale), selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

Similar Security means a reference bond or reference bonds issued by the German Government having an actual or interpolated maturity comparable with the remaining term of the Bonds that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Bonds.

(c) **Squeeze-Out Call Option**

In the event that 80 per cent. or more in initial aggregate nominal amount of the Bonds have been redeemed and cancelled, the Issuer may (except pursuant to the redemption pursuant to a change of control as described in the Condition 6(5)), at its option, subject to having given not more than 60 nor less than 30 days' prior notice to the Bondholders in accordance with Condition 6(8) (which notice shall be irrevocable), redeem all, but not some only, of the outstanding Bonds at their principal amount plus accrued interest up to but excluding the date fixed for redemption.

(d) **Partial Redemption**

In the case of a redemption on any day by the Issuer of less than all the outstanding Bonds on such day, pursuant to this Condition 6(4), such redemption will be effected by reducing the principal amount of all Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day, subject to compliance with any applicable laws and the requirements of Euronext Paris.

(e) **Notices**

Any decision by the Issuer to redeem any Bonds pursuant to this Condition 6(4) (a) or (b) will be, in addition to the requirements of Condition 10 below, published in a notice published by Euronext Paris.

(5) **Redemption at the Option of the Bondholders (Change of Control)**

Control was, a shareholder of the Issuer and already owns, or immediately prior to the event which would otherwise have constituted a Change of Control owned, (alone or together with the person or persons acting in concert) at least 33.33 per cent. of the issued or allotted share capital of the Issuer or such number of shares in the capital of the Issuer carrying at least 33.33 per cent. of the total voting rights attached to the issued or allotted share capital of the Issuer that are normally exercisable at a general meeting of shareholders of the Issuer; and

(ii) on the date (the “**Relevant Announcement Date**”) that is the earlier of (x) the date of the first public announcement of the relevant Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement (as defined below) (if any), the Bonds carry from either of Moody’s Investors Service Limited (“**Moody’s**”) or S&P Global Ratings (“**S&P**”) or any of their respective successors or any other rating agency (each a “**Substitute Rating Agency**”) of international standing, specified by the Issuer (each, a “**Rating Agency**”):

(A) an investment grade credit rating (Baa3/BBB-, or equivalent, or better), and such rating from any rating agency is within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such rating agency; or

(B) a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse), and such rating from any rating agency is within the Change of Control Period downgraded by one or more notches (for illustration, Ba1/BB+ to Ba2/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such rating agency; or

(C) no credit rating, and no rating agency assigns within the Change of Control Period an investment grade credit rating to the Bonds,

(iii) in making the relevant decision(s) referred to above, the relevant rating agency announces publicly or confirms in writing to the Issuer, the Paying Agent or the holder of any Bond, that such decision(s) resulted, in whole or to a significant degree, from the occurrence of the Change of Control.

If the rating designations employed by either of Moody’s or S&P are changed from those which are described in paragraph (ii) of the definition of “Put Event” above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine the rating designations of Moody’s or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody’s or S&P and this Condition 6(5) shall be read accordingly.

(b) If a Put Event occurs, each holder of each Bond will have the option (the “**Put Option**”) to require the Issuer to redeem or, at the Issuer’s option, purchase that Bond on the Put Date (as

defined below) at the Put Amount (as defined below). Such option shall operate as set out below.

- (c) Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall, give notice (a **“Put Event Notice”**) to the Bondholders in accordance with Condition 10 specifying the nature of the Put Event and the procedure for exercising the option contained in this Condition 6(5).
- (d) To exercise the option to require the redemption or purchase of a Bond under this Condition 6(5) the holder of the Bond must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Paying Agent specified in the Change of Control Put Notice (as defined below) for the account of the Issuer within the period (the **“Put Period”**) of 45 days after a Put Event Notice is given and send to the specified office of any Paying Agent a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **“Change of Control Put Notice”**) and in which the holder must specify a bank account to which payment may be made under this Condition. A Change of Control Put Notice once given shall be irrevocable. Payment in respect of any Bond so transferred will be made on or after the date which is seven days after the expiry of the Put Period (the **“Put Date”**). The payment will be made on the Put Date by transfer to that bank account specified in the Change of Control Put Notice.

If 80 per cent. or more in nominal amount of the Bonds then outstanding have been redeemed pursuant to this Condition 6(5), the Issuer may, on not less than 30 or more than 60 days' notice to the Bondholders given within 30 days after the Put Date, redeem, at its option, the remaining Bonds as a whole at the Put Amount (as defined below).

- (e) For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection with such Bondholder's exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).
- (f) In these Conditions:

“Change of Control Period” means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control (or such longer period for which the Bonds are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review or, as the case may be, rating by a rating agency, such period not to exceed 60 days after the public announcement of such consideration);

“Determination Date” means the date which is two business days prior to the Put Date;

“Put Amount” means in respect of any Bond as at the Put Date an amount calculated by the Calculation Agent equal to: (i) the then Adjusted Amount (as defined below); and (ii) any interest (or, where purchased, an amount equal to such interest) accrued up to the Put Date, and for such purposes, **“Adjusted Amount”** means, in respect of each Bond as at the Put Date, the higher of (A) the principal amount of such Bond; and (B) the price, expressed as a percentage

(rounded to four decimal places, 0.00005 being rounded upwards), at which the current yield on the Bonds on the Determination Date (assuming for this purpose that the Bonds are to be redeemed at their principal amount on the Maturity Date) would be equal to the then current yield (determined by reference to the middle market price) at 11.00 a.m. (Paris time) on the Determination Date of the Reference Bond plus 0.25 per cent, all as determined in accordance with standard market convention by a leading investment bank of international standing selected by the Issuer;

“**Reference Bond**” means the Reference Benchmark Security or, as the case may be, the Similar Security, each as defined in Condition 6(4)(b) above.

All payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(2) **Additional Amounts**

If French law should require that any payments of principal, interest and/or other revenues in respect of the Bonds by the Issuer be subject to withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature (“**Taxes**”) imposed or levied by or on behalf of the Republic of France or any political sub-division or any authority thereof or therein having power to tax, the Issuer shall, to the fullest extent permitted by French law, pay such additional amounts (“**Additional Amounts**”) as shall be necessary in order that the net amounts received by the holders of the Bonds after such withholding or deduction shall equal the respective amounts of principal, interest and other revenues which would otherwise have been receivable in respect of the Bonds in the absence

of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Bond:

(3) **Interpretation**

Any reference in these Conditions to any amounts in respect of the Bonds shall be deemed also to refer to any Additional Amounts which may be payable under this Condition.

(4) **Supply of Information**

Each Bondholder shall be responsible for supplying to the Paying Agent, in a timely manner, any information as may be required in order for it to comply with the identification and reporting obligations imposed on it by the Council Directive 2011/16/EU on administrative cooperation in the field of taxation, (as amended by EU Council Directive 2014/107/EU), by the surviving provisions of the repealed European Council Directive 2003/48/EC by application of Directive 2015/2060, or by any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income or any law (of a country whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such directive or directives.

8 **Prescription**

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed ten years (in the case of principal) and five years (in the case of interest) from the Relevant Date (as defined below).

In these Conditions “**Relevant Date**” means the date on which the payment first becomes due but, if the full amount of the money payable has not been received by the Paying Agent on or before the due date, it means the date on which, the full amount of the money having been so received, notice to that effect shall have been duly given to the Bondholders by the Issuer in accordance with Condition 10.

9 **Events of Default**

11 Notices

Any notice to the Bondholders will be valid if delivered to the Bondholders through Euroclear France, Euroclear or Clearstream and be published on the website of the Issuer (www.wendelgroup.com). Any such notice shall be deemed to have been given on the date of such delivery to Euroclear France, Euroclear and Clearstream or, where relevant and if later, the date of such publication on the website of the Issuer or, if published more than once or on different dates, on the first date on which such delivery is made.

In addition to the above, with respect to notices for a General Meeting (as defined below), any convening notice for such meeting shall be published in accordance with applicable provisions of the French *Code de commerce*.

12 Representation of the Bondholders

Bondholders will be grouped automatically for the defence of their common interests in a single masse (the “**Masse**”). The Masse will be governed by the provisions of the French *Code de commerce*.

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Bondholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Bonds.

(a) **Representative:**

The following person is designated as Representative of the Masse:

ÆTHER Financial Services SNC
RCS 811 475 383 Paris Represented by Henri-Pierre Jeancard
2 Square La Bruyère
75009 Paris
France

Mailing address:

36 rue de Monceau
75008 Paris
France

The Representative’s remuneration for its services in connection with the Bonds is Euro 400 (VAT excluded) per year, payable on each Interest Payment Date with first payment pro rata for the period from the Issue Date to the first Interest Payment Date.

(b) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

- (c) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a General Meeting shall be published as provided under the French *Code de commerce*.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

- (d) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits of the Bondholders which now or in the future may accrue, including authorising the Representative to act at law as plaintiff or defendant in the name and on behalf of the Bondholders.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Bondholders, nor establish any unequal treatment between the Bondholders, nor to decide to convert the Bonds into shares.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

For the avoidance of doubt, in this Condition 11 “outstanding” shall not include those Bonds purchased by the Issuer under Condition 6(6) above that are held by it and not cancelled.

- (e) **Decisions of the General Meetings:** Decisions of the Bondholders made at the General Meetings shall be published in accordance with the provisions of the French *Code de commerce*.

13 Further Issues

The Issuer may, from time to time without the consent of the Bondholders, issue further bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

14 Governing Law and Submission to Jurisdiction

(1) Governing Law

The Bonds shall be governed by the laws of France.

(2) Jurisdiction

For the benefit of the Bondholders, the Issuer submits to jurisdiction of the competent courts within the jurisdiction of the *Cour d'Appel* of Paris.

Wendel is currently negotiating co-investment terms with management and prospective co-investors. In South Africa, the future ownership structure will include a B-BBEE2 consortium that will partner with Wendel and maintain Tsebo’s Level 1 B-BBEE status on the amended (“new”) codes.

The transaction is expected to close by the end of 2016, subject to customary conditions and regulatory approvals.

Founded in 1971 in Johannesburg (South Africa), Tsebo has developed into a pan-African enterprise of stature, enjoying a strong presence in a wide range of local and international business sectors. Today, the Tsebo offers market-leading contracted services in Facilities Management, Remote Camps, Catering, Cleaning, Hygiene, Security, Energy and Procurement. This extensive range of hard, soft and infrastructure management services are enjoyed by over 3,000 clients across a number of sectors including financial services, manufacturing, mining, leisure, energy, environment, retail as well as universities and other public services. Tsebo’s clients have found significant benefits in contracting their “non-core” functions to its experienced professionals. Tsebo delivers improved value, consistent innovation and continuous efficiency to clients in every economic sector. Underpinning Tsebo’s successful business model is a constant and robust dedication to sustainable development and equal opportunity employment. Tsebo is widely recognized as one of Africa’s most progressive corporate entities for its involvement in sustainable development actions and the continuous growth of its human capital, its business, industry and society.

Frédéric Lemoine, Chairman of Wendel’s Executive Board, said. “Tsebo responds to the growing need of African companies and Africa-based international companies to outsource non-core – yet essential – activities outside of their expertise, in order to focus on their core business. Tsebo is a ‘homegrown’ African success story with 45 years of African operating experience, delivering international quality standards to a diversified client base, in over 20 countries. We very much look forward to working with Clive Smith and his teams to continue growing Tsebo across Africa and over the long term. This company is perfectly in line with Wendel’s strategy in Africa, where we have now invested over one billion euros, demonstrating our continued commitment to the continent since Wendel Africa was established in 2013. Tsebo, a company developing from South Africa across the rest of the continent, complements very well IHS, Saham and SGI Africa which are positioned on different sectors and different country mixes.”

Clive Smith, Chief Executive Officer of Tsebo, said. “Tsebo has a proud history of supporting its clients through the unique combination of delivering global standards with a deep African expertise. We are delighted to be able to partner with Wendel, as they bring a true global capacity whilst maintaining our entrepreneurial

culture that enables us to exceed our customers' expectations. With huge opportunity to expand our services in a fast developing African landscape, Wendel's reach, experience and long-term commitment to the continent will be a significant enabler to Tsebo. We believe that together with our local partners, communities, employees, suppliers and other stakeholders, and with the backing of Wendel, Tsebo will reach new highs that will benefit all parties. Tsebo and Wendel are inspired to build a legacy of economic and social growth in Africa, and make a valuable contribution to the next African generation and beyond.”

CONSTANTIA FLEXIBLES SUCCESSFULLY REPRICES TERM LOAN B

Constantia Flexibles yesterday successfully accomplished the repricing, amendment and upsizing of its covenant-lite cross-border Term Loan B facility (the “Term Loan”).

As part of the transaction, Constantia Flexibles made certain amendments to its €1.2bn syndicated loan facilities to improve operational flexibility, and reduced the margin on its €660m EUR Term Loan to Euribor + 300 bps1 (from Euribor + 375 bps).

The US Dollar Tranche was successfully upsized to \$250mm, with the aim to create a more liquid US Dollar facility backed by a broader investor base in order to further enhance global capital market access. The US Dollar Tranche was repriced to Libor + 300 bps1 (from Libor + 375 bps).

This transaction will lead to annual gross savings of €7 million, thus transaction costs will be repaid in less than 8 months.

Supported by a strong interest from investors, both the Euro and US Dollar tranches were substantially oversubscribed, which is a reflection of Constantia Flexibles' strong operational performance and reputation among investors.

Given the resilience and growth profile of Constantia Flexibles, the company achieved to reprice at the lowest level in its rating category. Wendel, Constantia Flexibles' main shareholder with 60.5% of the share capital, welcomes this very good result.”

TAXATION

The statements herein regarding taxation are based on the laws in force in France as of the date of this Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of, the Bonds. Each prospective holder or beneficial owner of Bonds should consult its tax adviser as to the French tax consequences of any investment in, or ownership and disposition of, the Bonds.

The following is a summary of certain withholding tax considerations that may be relevant to holders of Bonds who (i) do not hold their Bonds in connection with a business or profession conducted in France, as a permanent establishment or fixed base situated in France, and (ii) do not concurrently hold shares in the Issuer.

Withholding tax applicable to holders of the Bonds on interest paid outside France

Payments of interest and other securities income made by a debtor with respect to certain debt securities (including debt in the form of bonds) are not subject to the withholding tax set out under Article 125 A III of the *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory within the meaning of Article 238-0 A of the *Code général des impôts* (a “**Non-Cooperative State**”), in which case a 75 per cent. withholding tax is applicable subject to exceptions, certain of which being set forth below, and to more favourable provisions of any applicable double tax treaty. The 75 per cent. withholding tax is applicable irrespective of the tax residence of the Bondholder. The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, according to Article 238 A of the *Code général des impôts*, interest and other securities income are not deductible from the Issuer’s taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a Non-Cooperative State. Under certain conditions, any such non-deductible interest or other securities income may be re-characterised as constructive dividends pursuant to Articles 109 *et seq.* of the *Code général des impôts*, in which case it may be subject to the withholding tax provided under Article 119-*bis* 2 of the same Code, at a rate of 30 per cent. or 75 per cent., subject to more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax provided by Article 125 A III of the *Code général des impôts*, the non-deductibility of the interest and other securities income nor the withholding tax set out in Article 119-*bis* 2 of the same Code that may be levied as a result of such non-deductibility, to the extent the relevant interest or income relates to genuine transactions and is not in an abnormal or exaggerated amount, will apply in respect of a particular issue of bonds provided that the Issuer can prove that the main purpose and effect of such issue of bonds is not that of allowing the payments of interest or income to be made in a Non-Cooperative State (the “**Exception**”).

In addition, pursuant to the French administrative guidelines (*Bulletin Officiel des Finances Publiques – Impôts*) BOI-RPPM-RCM-30-10-20-40, n°70 and BOI-INT-DG-20-50, n° 960 dated 11 February 2014, BOI-IR-DOMIC-10-20-20-60, n°10 dated 20 March 2015, an issue of bonds benefits from the Exception without the Issuer having to provide any evidence supporting the main purpose and effect of such issue of bonds, if such bonds are:

- (i) offered by means of a public offer within the meaning of Article L. 411-1 of the *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by

such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depositories or operators are not located in a Non-Cooperative State.

As the Bonds are admitted at the time of their issue to the operations of a securities clearing and delivery and payments system, payments of interest or other securities income made by or on behalf of the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the *Code général des impôts*.

Withholding tax applicable to French tax resident holders of the Notes who are individuals fiscally domiciled in France

Pursuant to Article 125 A of the *Code général des impôts* and subject to certain limited exceptions, interest and other revenues received under the Bonds by individuals who are fiscally domiciled in France are subject to a 24% withholding tax, set out under Article 125 A I and III bis of the *Code général des impôts*. This withholding tax is an advance payment made in respect of the personal income tax of the individual receiving the interest or revenue, which is deductible from his personal income tax liability in respect of the year during which the withholding has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of fifteen point five per cent. (15.5%) on interest and similar revenues paid by the Issuer under the Bonds, to individuals who are fiscally domiciled in France.

Supply of information by Paying Agents based in France

Article 242-ter of the *Code général des impôts* (French General Tax Code) and Articles 49 I-ter to 49 I-sexies of Schedule III to the *Code général des impôts*, impose on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

SUBSCRIPTION AND SALE

Bank of America Merrill Lynch, Crédit Industriel et Commercial S.A., Natixis and Société Générale (the “**Joint Lead Managers**”) have jointly and severally agreed, pursuant to a Subscription Agreement (the “**Subscription Agreement**”) dated 18 October 2016, subject to satisfaction of certain conditions, to subscribe or procure subscribers for the Bonds at the issue price of 99.708 per cent. of the principal amount of Bonds, less a combined management and underwriting commission as separately agreed between the Joint Lead Managers and the Issuer. The Issuer will also reimburse the Joint Lead Managers in respect of certain of their expenses, and has agreed to indemnify the Joint Lead Managers against certain liabilities, incurred in connection with the issue of the Bonds. The Subscription Agreement may be terminated in certain circumstances prior to payment to the Issuer.

United States

The Bonds have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

Each of the Joint Lead Managers has agreed that, except as permitted by the Subscription Agreement, it has not offered, sold or delivered and will not offer, sell or deliver the Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the Issue Date within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells any Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States or to, or for the account or benefit of, U.S. persons substantially to the following effect:

Any such short positions could adversely affect future trading prices of the Bonds. The Joint Lead Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
