On August 31, 2007, Bureau Veritas acquired Analab Praha, spol. s.r.o (Analab).

Founded in 1993, Analab is a company specializing in laboratory services and testing in the field of agrofood.

With this acquisition, Bureau Veritas in Czech Republic becomes the only inspection and certification company disposing of its own laboratory with possibilities of chemical and microbiological analysis of foodstuffs, feedstuffs and waters, cosmetic and pharmaceutical products, as well as analysis of agricultural commodities.
