## The Government Services & International Trade Division has been awarded a contract by the Republic of Yemen for the International Conformity Certification Program (ICCP)

The [Government Services and International Trade Division](#) has signed a contract with the **Yemen Standardization & Metrology and Quality Control Organization**, in which Bureau Veritas has been exclusively appointed for the implementation of the International Conformity Certification Program for the following groups of products:

- Group 1: Toys
- Group 2: Electrical and electronic products
- Group 3: Vehicles
- Group 4: Safety personal devices
- Group 7: Portable steel cylinders for Liquefied Petroleum Gases (LPG)

The Verification Of Conformity process includes physical preshipment inspection and sampling in the country of supply prior to shipment, laboratory testing when needed, verification of conformity with standards and issuance of corresponding certificate.

For vehicles, inspection is done upon arrival in the free zone vehicle testing station which will be built for this purpose by Bureau Veritas.

The objective of this program is to ensure that imported products are compliant with approved national or international standards for the protection of the Yemen consumer and the local industry.
