CSP Technologies, Inc. Names Serge Dupuis Chief Financial Officer

Auburn, AL, May 26, 2016 — CSP Technologies, Inc., a global leader in advanced polymeric protective packaging solutions, today announced that Serge Dupuis has joined the company as its new Chief Financial Officer.

Mr. Dupuis is an accomplished finance leader with over 19 years of senior leadership roles mainly in manufacturing environments. He joins CSP Technologies from Breeze-Eastern Corp., a global aerospace manufacturer, where he was Chief Financial Officer and Treasurer. Prior to Breeze-Eastern, he was Vice President, Finance at AAR Airlift Group, a provider of expeditionary airlift and specialized aircraft modifications. He previously was Chief Financial Officer of the Cari-All Group, the largest manufacturer of shopping carts in North America. Earlier in his career, he worked in senior finance roles at Precor Inc., a manufacturer of fitness equipment, and Bombardier Inc., a manufacturer of business jets, regional aircraft and transportation equipment.

John Belfance, CEO of CSP Technologies, said, “We are excited that Serge has joined the CSP Technologies team as we grow and diversify our company, including by developing active packaging solutions for the healthcare and food industries. His deep experience as a finance leader and in building technology platforms will be valuable as we move forward and further establish CSP as the global leader in advanced polymeric protective packaging solutions. I also would like to thank Linton Moulding for his leadership in developing CSP’s finance platform over the past three years as interim CFO.”

Mr. Dupuis expressed, “I am excited to join the CSP Technologies organization, a very successful, innovative and unique leader in the packaging industry supported by a very solid global investment firm. I believe that CSP Technologies has a tremendous potential based on the highly-technological product that differentiates itself from the competition”.

ABOUT CSP TECHNOLOGIES, INC.

CSP Technologies, Inc. is a leader in delivering innovative, high-quality product and packaging solutions that give customers a competitive edge and consumers a better product experience. Focused on pioneering new technologies and designs that ensure product protection and enhance brand recognition, CSP is a responsive, flexible partner committed to offering

customers a single, reliable source for custom product design, development and manufacturing. Its portfolio of products falls into four categories: vials, films and blisters, active molding and special capabilities. CSP was acquired by the Wendel Group, a global long term investment firm, in 2015.
