

PRESS RELEASE

UTA relies on Quality by exceet

- UTA Service Cards powered by exceet competence

Paderborn/Munich, 05 June 2014 - UNION TANK Eckstein GmbH & Co. KG (UTA), with European headquarters in Kleinostheim on the Main River, is a fuel and service card specialist for commercial goods and passenger transport. More than 48,000 acceptance points in 40 European countries serve over 74,000 UTA customers.

For many years, exceet Card Group has been supplying card blanks to the enterprise based on the lower Main in Bavaria. The blanks provide the basis for UTA's fuel and service cards, which come in three main versions: the UTA Full-Service Card for commercial vehicles, the "MercedesServiceCard" for Mercedes Benz commercial vehicles and transporters, and the "OMNIplus ServiceCard Premium" for buses.

Overcoming Technical Challenges

Sun exposure as well as heat and cold in the vehicles subject the plastic cards and their magnet strips to high temperature fluctuations. Resilient materials and a high-temperature foil ensure superior card longevity.

The modern production facilities of exceet Card Group and the technical know-how of the company's staff guarantee the required quality standards. At the same time, they must satisfy demands for high flexibility when delivering the card blanks. "We are certain that our direct communication and our personal contacts with the contact partners at exceet have been key to this successful partnership for years", says Stefan Göckel, Head of Central Customer Services at UTA.

For future technical innovations in the fuel card field, exceet Card Group will remain the go-to partner for UTA.

About exceet Card Group

exceet Card Group AG combines the strengths of global leaders of RFID, dual interface and chip card manufacturing. The Group's innovative product portfolio extends to design, development, consulting, production, personalization and lettershop, making it one of the leading full-service providers of smartcards, NFC solutions and readers. In the mobile solutions area, the exceet Card Group offers mobile services, identity safeguards, secure payment solutions, authentication of online services and cloud computing access.
