The Issuer may, at its option, and in certain circumstances shall, redeem all, but not some only, of the Bonds at any time at par plus accrued interest in the event of certain tax changes as described under “Terms and Conditions of the Bonds - Redemption and Purchase”. Unless previously redeemed or cancelled, the Bonds will be redeemed at their principal amount on 20 April 2018 (the “**Maturity Date**”). This prospectus (including the documents incorporated by reference) constitutes a prospectus (the “**Prospectus**”) for the purposes of Article 5.3 of Directive 2003/71/EC of the European Parliament and of the Council on the prospectus to be published when securities are offered to the public or admitted to trading (the “**Prospectus Directive**”). This Prospectus has been approved by the *Autorité des marchés financiers* (the “**AMF**”) in France, in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Prospectus Directive. Application has been made to list and admit the Bonds to trading on the regulated market of NYSE Euronext in Paris (“**Euronext Paris**”). References in this Prospectus to the Bonds being “listed” (and all related references) shall mean that the Bonds have been listed and admitted to trading on Euronext Paris with effect from the Issue Date. Euronext Paris is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments.

The Bonds have been accepted for clearance through Euroclear France, Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) and Euroclear Bank SA/N.V. (“**Euroclear**”). The Bonds will on the Issue Date be inscribed (*inscription en compte*) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in “Terms and Conditions of the Bonds - Form, Denomination and Title” herein) including Euroclear and the depositary bank for Clearstream, Luxembourg.

The Bonds will be issued in dematerialised bearer form in the denomination of €100,000 each. The Bonds will at all times be represented in book entry form (*dématérialisé*) in the books of the Account Holders in compliance with Articles L. 211-3 and R. 211-1 of the French *Code monétaire et financier*. No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds have been assigned a rating of BB- by Standard & Poor’s Rating Services, a division of the McGraw Hill Companies Inc (“**S&P**”). The credit ratings included or referred to in this Prospectus will be treated for the purposes of Regulation (EC) No 1060/2009 on credit rating agencies (the “**CRA Regulation**”) as having been issued by S&P upon registration pursuant to the CRA Regulation. S&P is established in the European Union and has applied to be registered under the CRA Regulation, although the result of such application has not yet been determined. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus.

Copies of this Prospectus and the documents incorporated by reference will be published on the website of the Issuer (www.wendel-investissement.com) and on the website of the AMF (www.amf-france.org).

RISK FACTORS

Prior to making an investment decision, prospective investors in the Bonds should consider carefully, in the light of the circumstances and their investment objectives, the information contained and/or incorporated by reference in this entire Prospectus. Prospective investors should nevertheless consider, among other things, the risk factors set out below. This summary is not intended to be exhaustive. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus.

I. Risks relating to the Issuer

The risks relating to the Issuer are set out in the 2010 *Document de Référence*, incorporated by reference herein.

II. Risks relating to the Bonds

A. General risks relating to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Modification

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Change of law

The Terms and Conditions of the Bonds are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or official application or interpretation of French law after the date of this Prospectus. Furthermore, the Issuer operates

in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard procedure (*procédure de sauvegarde*), accelerated financial safeguard plan (*projet du plan de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer regardless of their governing law. The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), accelerated financial safeguard plan (*projet du plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders who voted during such Assembly; notwithstanding any clause to the contrary and the law governing the issuance agreement). No quorum is required for the Assembly to be validly held.

Stipulations relating to the representation of holders of the Bonds will not be applicable if they depart from any imperative dispositions of French insolvency law that may be applicable.

The procedures, as described above or as they may be amended, could have an adverse impact on holders of the Bonds seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

Market value of the Bonds

The market value of the Bonds will be affected by the creditworthiness of the Issuer and a number of additional factors.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which such Bonds are traded. The price at which a holder of such Bonds will be able to sell such Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase, sale or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

B. Risks related to the market generally

The secondary market generally

An established trading market in the Bonds may never develop. If a secondary market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or may not be able to sell their Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of the euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

C. Risks relating to the particular structure of the Bonds

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Bonds due to any withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Bonds in accordance with the Terms and Conditions of the Bonds.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

Depending on the number of Bonds in respect of which the put option provided in Condition 6.4 is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid.

Credit rating of the Bonds

The Bonds have been assigned a rating of BB- by S&P. The rating assigned to the Bonds by the rating agency is based on the Issuer's financial situation, but takes into account other relevant structural features of the transaction, including, *inter alia*, the terms of the Bonds, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Bonds. The rating addresses the likelihood of full and timely payment to the Bondholders of all payments of interest on each interest payment date and

repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency's judgement, circumstances so warrant. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities. Any adverse change in an applicable credit rating could adversely affect the trading price for the Bonds.

Restricted covenants

The Bonds do not restrict the Issuer or its Subsidiaries (as defined in the Terms and Conditions of the Bonds) from incurring additional debt. The Terms and Conditions of the Bonds contain a negative pledge that prohibits the Issuer and its Principal Subsidiaries (as defined in the Terms and Conditions of the Bonds) in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed or quoted debt instruments, and there are certain exceptions to the negative pledge. The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of the Issuer. The Issuer's Subsidiaries are not bound by obligations of the Issuer under the Bonds and are not guarantors of the Bonds.

Structural subordination due to holding company status

The Issuer is a holding company. Investors will not have any direct claims on the cash flows or the assets of the Issuer's Subsidiaries, and such Subsidiaries have no obligation, contingent or otherwise, to pay amounts due under the Bonds or to make funds available to the Issuer for these payments.

Claims of the creditors of the Issuer's Subsidiaries have priority as to the assets of such Subsidiaries over the claims of the Issuer's creditors. Consequently, holders of the Bonds are in effect structurally subordinated on insolvency to the prior claims of the creditors of the Issuer's Subsidiaries.

D. Risks relating to taxation

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summaries contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

EU Savings Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the "**Directive**") requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Directive made by a paying agent within its jurisdiction to, or under certain circumstances collected for the benefit of a beneficial owner (within the meaning of the Directive), resident in that other Member State, except that Luxembourg and Austria impose instead a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information. The rate of this withholding tax is currently 20 per cent. and will be raised to 35 per cent. as from 1 July 2011 until the end of the transitional period.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bonds as a result of the imposition of such withholding tax.

(1) Negative Pledge

So long as any of the Bonds remains outstanding (as defined below), the Issuer will not, and will ensure that save as stated in paragraph (2) below no Principal Subsidiary (as defined below) shall, create or permit to subsist any Security Interest upon the whole or any part of the Issuer’s or such Principal Subsidiary’s present or future undertaking, business, assets or revenues to secure any

For the avoidance of doubt, any escrow arrangement is not a Security Interest (*sûreté réelle*) and does not fall within the scope of this negative pledge provision.

(2) **Acquisition Debt**

Paragraph (1) above shall not apply to any Security Interest created by a Principal Subsidiary to secure any Relevant Indebtedness which is incurred (or granted in the case of a guarantee) for or in connection with any one or more of the following purposes: (i) financing in whole or in part the making of an Acquisition; (ii) paying or funding in whole or in part related fees, costs, expenses and financing requirements; (iii) refinancing financial indebtedness of the target of such Acquisition (x) existing at the time of the Acquisition or (y) incurred at any time during a 12-month period beginning on the date of the Acquisition; and (iv) refinancing in whole or in part financial indebtedness taken on for any or all of the foregoing purposes.

- (b) “**Relevant Indebtedness**” means (i) any present or future indebtedness for borrowed money for, or in respect of, or represented by any notes (excluding, for the avoidance of doubt, notes constituting promissory notes and bills of exchange issued in the ordinary course of trade), bonds (*obligations*), debentures, debenture stock, loan stock or other securities (including *titres de créances négociables*) which are for the time being, or are likely to be or capable of being, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market and (ii) any guarantee or indemnity or other like obligation granted in respect of any such indebtedness;

(2) Interest Accrual

Each Bond will cease to bear interest from and including the due date for redemption unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (both before and after judgment, as the case may be) until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Bond up to that date have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Bonds has been received by the Paying Agent and notice to that effect has been given to the Bondholders in accordance with Condition 10.

(3) Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full year, it shall be calculated on the basis of (a) the actual number of days in the period from and including the date from which interest begins to accrue (the “**Accrual Date**”) to but excluding the date on which it falls due divided by (b) the actual number of days from and including the Accrual Date to but excluding the next following Interest Payment Date.

5 Payments

(1) Method of Payment

Bondholders will be grouped automatically for the defence of their common interests in a masse (the “**Masse**”). The Masse will be governed by the provisions of the French *Code de commerce*.

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Bondholders (the “**General Meeting**”).

The Representative may not interfere in the management of the affairs of the Issuer.

- (c) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

13 Governing Law and Submission to Jurisdiction

(1) Governing Law

The Bonds shall be governed by the laws of France.

(2) Jurisdiction

TAXATION

The statements herein regarding taxation are based on the laws in force in France and/or, as the case may be, the European Union as of the date of this Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of, the Bonds. Each prospective holder or beneficial owner of Bonds should consult its tax adviser as to the French or, as the case may be, the European Union tax consequences of any investment in, or ownership and disposition of, the Bonds.

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), each Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a paying agent within its jurisdiction to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Directive) resident in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Directive) resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Directive) resident in one of those territories.

On 13 November 2008 the European Commission published a detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive they may amend or broaden the scope of the requirements described above.

Taxation in France

The following is a summary of certain withholding tax considerations that may be relevant to holders of Bonds who (i) are non-French residents, (ii) do not hold their Bonds in connection with a business or profession conducted in France, as a permanent establishment or fixed base situated in France, and (iii) do not concurrently hold shares in the Issuer.

The Directive has been implemented in French law under Article 242-ter of the *Code général des impôts* (General Tax Code) and Articles 49 I-ter to 49 I-sexies of Schedule III to the *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Payments of interest and other securities income made by a debtor with respect to certain debt securities (including debt in the form of bonds) are not subject to the withholding tax set out under Article 125 A III of the *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory within the meaning of Article 238-0 A of the *Code général des impôts* (a "**Non-Cooperative State**"),

in which case a 50% withholding tax is applicable subject to exceptions, certain of which being set forth below, and to more favorable provisions of any applicable double tax treaty. The 50% withholding tax is applicable irrespective of the tax residence of the Noteholder. The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, according to Article 238 A of the *Code général des impôts*, interest and other securities income are not deductible from the Issuer's taxable income, as from the fiscal years starting on or after January 1, 2011, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in a Non-Cooperative State. Under certain conditions, any such non-deductible interest or other securities income may be re-characterised as constructive dividends pursuant to Articles 109 *et seq.* of the *Code général des impôts*, in which case it may be subject to the withholding tax provided under Article 119-*bis* 2 of the same Code, at a rate of 25% or 50%, subject to more favorable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 50% withholding tax provided by Article 125 A III of the *Code général des impôts*, the non-deductibility of the interest and other securities income nor the withholding tax provided set out Article 119-*bis* 2 of the same Code that may be levied as a result of such non-deductibility, to the extent the relevant interest or income relates to genuine transactions and is not in an abnormal or exaggerated amount, will apply in respect of a particular issue of bonds provided that the Issuer can prove that the main purpose and effect of such issue of bonds is not that of allowing the payments of interest or income to be made in a Non-Cooperative State (the "**Exception**").

In addition, under Ruling (*rescrit*) 2010/11 (FP and FE) of the *Direction générale des finances publiques* dated 22 February 2010, an issue of bonds benefits from the Exception without the Issuer having to provide any evidence supporting the main purpose and effect of such issue of bonds, if such bonds are:

- (i) offered by means of a public offer within the meaning of Article L. 411-1 of the *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depositories or operators are not located in a Non-Cooperative State.

As the Bonds are admitted at the time of their issue to the operations of a qualifying central depository, payments of interest or other securities income made by or on behalf of the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the *Code général des impôts*. In addition, they will be subject neither to the non-deductibility set out under Article 238 A of the *Code général des impôts* nor to the withholding tax set out under Article 119-*bis* 2 of the same Code solely on account of their being paid to a bank account opened in a financial institution located in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

SUBSCRIPTION AND SALE

BNP Paribas, Natixis and Société Générale (the “**Joint Lead Managers**”) have, pursuant to a Subscription Agreement (the “**Subscription Agreement**”) dated 19 April 2011, jointly and severally agreed, subject to satisfaction of certain conditions, to subscribe or procure subscribers for the Bonds at the issue price of 99.324 per cent. of the principal amount of Bonds, less a combined management and underwriting commission as separately agreed between the Joint Lead Managers and the Issuer. The Issuer will also reimburse the Joint Lead Managers in respect of certain of their expenses, and has agreed to indemnify the Joint Lead Managers against certain liabilities, incurred in connection with the issue of the Bonds. The Subscription Agreement may be terminated in certain circumstances prior to payment to the Issuer.

United States

The Bonds have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

Each Joint Lead Manager has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells any Bonds during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Bonds are being offered and sold outside of the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of the Bonds, an offer or sale of Bonds within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

United Kingdom

Each Joint Lead Manager has represented, warranted and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in connection with the issue or sale of the Bonds in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Bonds in, from or otherwise involving the United Kingdom.

France

Each of the Joint Lead Managers and the Issuer has represented and agreed that it has not offered or sold and will not offer or sell, directly or indirectly, Bonds to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Prospectus or any other offering material relating to the Bonds, and that such offers, sales and distributions have been and will be made in France only to (a) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour*

compte de tiers), and/or (b) qualified investors (*investisseurs qualifiés*) investing for their own accounts, all as defined in, and in accordance with, Articles L.411-2 and D.411-1 to D.411-4 of the French *Code monétaire et financier*.

The direct or indirect distribution to the public in France of any Bonds so acquired may be made only as provided by Articles L.411-1 to L.411-4 of the French *Code monétaire et financier* and applicable regulations thereunder.

General

No action has been or will be taken by the Issuer or any of the Joint Lead Managers that would, or is intended to, permit a public offer of the Bonds or possession or distribution of this Prospectus or any other offering material relating to the Bonds, in any country or jurisdiction where any such action for that purpose is required. Accordingly, each Joint Lead Manager has undertaken that it will not, directly or indirectly, offer or sell any Bonds or distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information relating to the Bonds in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Bonds by it will be made on the same terms.
