Bureau Veritas acquires Galbraith Laboratories Inc., a US expert in Healthcare analytical testing solutions

Expanding BV's position in Consumer Healthcare, Personal Care & Industrial Chemical markets

Bureau Veritas, a world leader in testing, inspection and certification, announced the acquisition of Galbraith Laboratories Inc., an expert in advanced analytical solutions in North America.

The acquisition will further position Bureau Veritas in the Consumer Healthcare and Industrial Chemical supply chain by connecting our existing services to support upstream research and product development through manufacturing to the end consumer.

Galbraith Laboratories Inc. offers testing solutions to a wide range of industry segments, including chemicals, healthcare, cosmetics, consumer, manufacturing and environment. The company has earned a strong reputation for solving clients' analytical challenges through custom-developed methods and industry-specific knowledge.

Founded in 1950 and headquartered in Knoxville (Tennessee, USA), the company employs approximately 70 people and generated revenue of €8 million in 2021.

Didier Michaud-Daniel, Chief Executive Officer of Bureau Veritas, commented:

"Bureau Veritas is delighted to welcome the Galbraith team. By joining forces, we will strengthen our presence in North America, a key hub for the expansion of our Consumer Products Services activities. Building on its strong market recognition by global brands and manufacturers, Galbraith's expertise will help expand our analytical capabilities in the Consumer Healthcare, Personal Care & Industrial Chemical markets."

Brenda Thornburgh, Owner of Galbraith, added:

"By joining Bureau Veritas, we look forward to expanding our capabilities and client services by leveraging the Group's extensive geographic footprint and global leadership. We are proud of our advanced analytical capabilities, which we now share with Bureau Veritas worldwide. Through our combined expertise, we will be able to offer unique analytical testing services solutions to our clients."
