The Issuer may, at its option, (i) from, and including, 19 March 2030 to, but excluding, the Maturity Date (as defined below), redeem the Bonds outstanding on any such date, in whole or in part, at their principal amount together with accrued interest, as described under “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the Option of the Issuer – Pre-Maturity Call Option*”, (ii) redeem the Bonds outstanding, in whole or in part, at any time prior to 19 March 2030 and in accordance with the provisions set out in “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the Option of the Issuer – Make Whole Redemption by the Issuer*” and (iii) redeem all, but not some only, of the Bonds outstanding at any time and in accordance with the provisions set out in “*Terms and Conditions of the Bonds – Redemption and Purchase – Redemption at the Option of the Issuer – Squeeze-Out Call Option*”. The Issuer may also, at its option, and in certain circumstances shall, redeem all, but not some only, of the Bonds at any time at par plus accrued interest in the event of certain tax changes as described under “*Terms and Conditions of the Bonds – Redemption and Purchase*”. Unless previously redeemed or purchased and cancelled, the Bonds will be redeemed at their principal amount on 19 June 2030 (the “**Maturity Date**”).

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.*

PROHIBITION OF SALES TO UK RETAIL INVESTORS – *The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “UK”). MIFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Bonds, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 5 February 2018, has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

The Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”). Subject to certain exceptions, the Bonds may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act). For a further description of certain restrictions on the offering and sale of the Bonds and on distribution of this document, see “Subscription and Sale” below.

This Prospectus may not be used for any purposes other than those for which it has been published.

This Prospectus is to be read in conjunction with all the documents which are incorporated herein by reference (see “Documents Incorporated by Reference”).

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;*
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;*
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor’s currency;*
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets;*

- (v) *be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and*
- (vi) *consult their legal advisers in relation to possible legal, tax, accounting, regulatory and related aspects of any investment in the Bonds.*

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase, sale or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

Taxation Considerations

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summaries contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisers are in a position to duly consider the specific situation of the potential investor.

Each prospective investor should consult its own advisers as to legal, tax and related aspects of an investment in the Bonds.

RISK FACTORS

The following are certain risk factors specific to the Issuer and the Bonds and which are material for taking an informed investment decision, of which prospective investors should be aware. Prior to making an investment decision, prospective investors should consider carefully all the information set out and incorporated by reference in this Prospectus, including in particular the risk factors detailed below, and consult with their own financial and legal advisors as to the risks entailed by an investment in the Bonds. The following statements are not exhaustive. All of these factors are contingencies which may or may not occur. In addition, investors should be aware that the risks described may be combined and thus interrelated with one another. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus.

In each sub-category below the Issuer sets out first the most material risks, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

I. Risks relating to the Issuer

The risks relating to the Issuer are set out on pages 150 to 156 in the 2022 *Document d'Enregistrement Universel* (as defined in "Documents Incorporated by Reference") incorporated by reference herein.

II. Risks relating to the Bonds

A. Legal risks relating to the Bonds

French insolvency law

As a *société européenne* incorporated in France and having its interests in France, French insolvency laws could apply to the Issuer. Under French insolvency laws, in the case of the opening in France of an accelerated preservation procedure (*procédure de sauvegarde accélérée*) or a preservation procedure (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) or a judicial liquidation procedure (*procédure de liquidation judiciaire*) in respect of the Issuer, creditors of the Issuer (including Bondholders) must file their proof of claims with the creditors' representative or liquidator, as the case may be, within two months (or within four months in the case of creditors domiciled outside metropolitan France) of the publication of the opening judgment of the procedure in the BODACC (*Bulletin officiel des annonces civiles et commerciales*).

As part of a preservation procedure or a judicial reorganisation procedure, the affected parties (i.e., creditors and equity holders whose rights are affected by the proposed restructuring plan) may be grouped into classes of affected parties reflecting sufficient commonality of economic interest based on objective verifiable criteria (the establishment of creditors classes is not mandatory under certain thresholds (see below) applicable to the debtor company and its subsidiaries). As part of an accelerated preservation procedure, the establishment of affected parties' classes would however be mandatory.

Such class of affected parties shall be set up when the debtor company reaches, at the date of the application for the opening of proceedings, one of the following thresholds: (i) 250 employees and a net turnover of 20 million euros or (ii) a net turnover of 40 million euros.

The allocation of affected parties among classes is carried out by the court-appointed judicial administrator. In this context and should they be directly affected by the proposed restructuring plan, the Bondholders would therefore be members of class of affected parties (the "**Relevant Class of Affected Parties**") divided into one or more Relevant Class of Affected Parties depending on the Bonds, potentially along with other affected parties.

In addition, Bondholders should be aware that the receiver (*administrateur judiciaire*) is required to comply with subordination agreements entered into by a Bondholder when allocating affected parties into classes. The receiver must disclose the method of allocation of affected parties into classes and the computation of voting rights thereof and the interested Bondholder may dispute the same before the relevant procedure's supervisory judge (*juge commissaire*).

The Relevant Class of Affected Parties will deliberate on the draft safeguard plan (*projet de plan de sauvegarde*), the draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*) or the draft judicial reorganisation plan (*projet de plan de redressement*), as applicable, and may further agree to:

- increase the liabilities (*charges*) of the relevant affected parties (including the Bondholders) by rescheduling due payments and/or partially or totally writing off claims;
- a differentiated treatment between affected parties as appropriate under the circumstances; and/or
- convert debt claims (including the Bonds) into shares or securities that give or may give right to share capital.

The Bondholders will have a period of at least 15 days to vote between (i) the date of sending the convening letters or the insertion in a support authorised to receive legal notices and (ii) the date of the vote.

Each Bondholder has the right, during the 10 days preceding the vote, to examine the plan themselves or through a proxy.

The Relevant Class of Affected Parties would vote on the proposed plan at a two-third majority (calculated as a proportion of the relevant claims or rights held by affected parties of the Relevant Class of Affected Parties expressing a vote).

However, a restructuring plan may be also adopted despite the negative vote of the Relevant Class of Affected Parties on the proposed plan through the court-imposed cross-class cram-down mechanism.

In order for the court to impose a cross-class cram-down, various conditions must be met, including the following conditions:

- (i) the debtor has consented to the cross-class cram-down if the plan has been submitted as part of an accelerated preservation procedure or a preservation procedure. As part of a reorganisation procedure any affected party is entitled to request the application of the cross-class cram-down mechanism;
- (ii) the plan has been approved by a majority of classes (provided that at least one of those classes is a class of secured creditors or a class ranking senior to the class of ordinary unsecured creditors) or, failing that, by at least one class (other than a class of equity holders or any other class which is “out of the money”);
- (iii) the “best interests of creditors” test is complied with (according to which any affected party which has voted against the plan should not be in a less favourable situation than it would have been in the event of a judicial liquidation, a disposal plan or a better alternative solution);
- (iv) the “absolute priority rule” is complied with (according to which the claims of a dissenting class must be fully discharged (by identical or equivalent means) when a junior class is entitled to a payment or retain an interest under the plan). The court may, however, waive this rule under certain conditions;
- (v) affected parties benefit from an equal treatment and are treated in proportion to their claim or right;

- (vi) no class of affected parties is entitled under the plan to receive or retain more than the full amount of their claims or interest; and
- (vii) provided that new financings are necessary to the restructuration plan, these would not entail excessive harm to the interests of the affected parties.

In a judicial reorganization procedure, in the absence of the adoption of a plan through the classes' mechanism, creditors would be consulted individually on a plan proposal. As part of this individual consultation, the court has the possibility to impose a debt term out on dissenting creditors (including a Bondholder), which may up to 10 years.

For the avoidance of doubt, the Representation of the Bondholders provisions set out in Condition 12 (*Representation of the Bondholders*) of the Terms and Conditions of the Bonds in this Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances. The procedures, as described above or as these may be amended, could have an adverse impact on Bondholders seeking repayment in the event that the Issuer or its subsidiaries were to be subject to French insolvency procedures.

The preventive and insolvency procedures in France are regulated by the provisions of the French *Code de commerce* as amended by ordinance n°2021-1193 dated 15 September 2021 and its implementation decree n°2021-1218 dated 23 September 2021, which is notably transposing directive (EU) 2019/1023 dated 20 June 2019 and entered into force on 1st October 2021. These provisions would govern the common rights, interests and representation of the Bondholders in this context. As a result, Bondholders should be aware that they would generally have limited ability to influence the outcome of an accelerated preservation (*procédure de sauvegarde accélérée*), a preservation (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer in France.

The commencement of preventive or insolvency procedures against the Issuer may have a material adverse effect on the market value of Bonds issued by the Issuer. Any decisions taken by the Relevant Class of Affected Parties or a class of creditor, as the case may be, could substantially impact the Bondholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Structural subordination due to holding company status

The Issuer is a holding company. Investors will not have any direct claims on the cash flows or the assets of the Issuer's Subsidiaries (as defined in the Terms and Conditions of the Bonds), and such Subsidiaries have no obligation, contingent or otherwise, to pay amounts due under the Bonds or to make funds available to the Issuer for these payments. As a result Bondholders will only rely on the Issuer's cash flows or assets to obtain payment under the Bonds and, should the Issuer become insolvent, lose a substantial part of their investment in the Bonds.

Claims of the creditors of the Issuer's Subsidiaries have priority as to the assets of such Subsidiaries over the claims of the Issuer's creditors. Consequently, holders of the Bonds are in effect structurally subordinated on insolvency to the prior claims of the creditors of the Issuer's Subsidiaries.

Modification

Condition 12 (*Representation of the Bondholders*) contains provisions for calling meetings of Bondholders and passing Written Resolutions of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting, Bondholders who voted in a manner contrary to the majority and Bondholders who did not respond to, or rejected, the relevant Written Resolution.

The general meeting of Bondholders may, subject to the provisions set out in the Terms and Conditions of the Bonds, deliberate on any proposal relating to the modification of the Terms and Conditions of the Bonds, notably on any proposal, whether for arbitration or settlement, relating to rights in controversy or which were subject of judicial decisions. This may have a negative impact on the market value of the Bonds and hence investors may lose part of their investment.

Change of law

The Terms and Conditions of the Bonds are based on French law in effect as at the date of this Prospectus. The impact of any possible judicial decision or change in French law or official application or interpretation of French law after the date of this Prospectus may not be anticipated. Any such decision or change in law could be unfavourable to the Bondholders' rights and may have a negative impact on the market value of the Bonds.

B. Risks related to the market

Market value of the Bonds

The Issuer is currently rated BBB with a stable outlook by S&P and Baa2 with a stable outlook by Moody's. The Bonds have been assigned a rating of BBB by S&P and Baa2 by Moody's. The rating assigned to the Bonds by the rating agency is based on the Issuer's financial situation, but takes into account other relevant structural features of the transaction, including, *inter alia*, the terms of the Bonds, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Bonds. Any such rating may discontinue for any period of time or may be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency's judgement, circumstances so warrant. Any adverse change in an applicable credit rating could adversely affect the market value for the Bonds.

Application has been made to Euronext Paris for the Bonds to be admitted to trading on the regulated market of Euronext Paris. Therefore, the market value of the Bonds will be affected by the creditworthiness of the Issuer and a number of additional factors.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which such Bonds are traded. The price at which a holder of such Bonds will be able to sell such Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

The secondary market generally

An established trading market in the Bonds may never develop or if a secondary market does develop, it may not be very liquid. Although application has been made to Euronext Paris for the Bonds to be admitted to trading on the regulated market of Euronext Paris, the Bonds may not be admitted or an active market may not develop. Therefore, investors may not be able to sell their Bonds in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or may not be able to sell their Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than euro. These include the risk that exchange rates may change significantly

(including changes due to devaluation of the euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

C. Risks relating to the particular structure of the Bonds

Credit Risk of the Issuer

As provided in Condition 2 (*Status of the Bonds*), the Bonds constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3 (*Negative Pledge*)) unsecured obligations of the Issuer. However, an investment in the Bonds involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Bonds, and investors may lose all or part of their investment which could materially and negatively impact the Bondholders.

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Bonds in accordance with Condition 7 (*Taxation*) due to any withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in certain circumstances shall be required to, redeem all, but not some only, of the outstanding Bonds in accordance with Conditions 6(2) or 6(3).

In addition, the Issuer has the option to redeem all or any of the outstanding Bonds, (i) as provided in Condition 6(4)(b), at its option, at any time prior to 19 March 2030 by exercise of the Make Whole Redemption or (ii) as provided in Condition 6(4)(a), at its option, from and including 19 March 2030 to but excluding the Maturity Date by exercise of the Pre-Maturity Call Option.

Moreover, if 75 per cent. or more in nominal amount of the Bonds then outstanding have been redeemed and as described below, the Issuer shall be entitled to redeem all such remaining outstanding Bonds in accordance with Condition 6(4)(c).

The Issuer may choose to redeem the Bonds at times when prevailing interest rates may be relatively low. In circumstances where the Issuer may exercise its redemption option, if the market interest rates decrease, the risk to Bondholders that the Issuer will exercise its right of early redemption increases. As a consequence, the yields received upon such early redemption may be lower than expected, and the amount at which the Bonds are redeemed may be lower than the purchase price paid for such Bonds by the Bondholder where the purchase price was above par and/or lower than the then prevailing market price of the Bonds.

During the period when the Issuer may elect to redeem the Bonds, the market value of the Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

In the event the Issuer redeems the Bonds as provided in Condition 6, an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Bonds being redeemed and may only be able to do so at a significantly lower rate.

If the Issuer exercises its option pursuant to Condition 6(4) to redeem less than all the outstanding Bonds on any day such redemption shall be effected by reducing the principal amount of all of the Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day and any trading market in respect of these Bonds which have not been redeemed may become illiquid, which may have a significant negative impact on the Bondholders.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

In the event that a Put Event occurs, in accordance with the provisions of Condition 6(5), each Bondholder will have the option to require the Issuer to redeem or, at the Issuer's option, purchase that Bond. Depending on the number of Bonds in respect of which the put option provided in Condition 6(5) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid. Therefore, investors in the Bonds not having exercised their redemption right may not be able to sell their Bonds on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Bonds, which may have a considerable negative impact on the Bondholders and reduce the profits anticipated by the investors at the time of the issue.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Bonds may affect the liquidity of the Bonds which have not been so purchased

In accordance with the provisions of Condition 6(6), the Issuer, or any of its Subsidiaries, may at any time purchase Bonds for cash consideration or otherwise (including, without limitation, by means of exchange) in the open market or otherwise, at any price and on any conditions, subject to compliance with any applicable laws. Depending on the number of Bonds purchased by the Issuer, or any of its Subsidiaries, as provided in Condition 6(6), any trading market in respect of those Bonds that have not been so purchased may become illiquid. Therefore, holders of Bonds which have not been so purchased may not be able to sell their Bonds on the market and may have to wait until the Maturity Date to obtain redemption of their investments in the Bonds, which may have a considerable negative impact on the Bondholders and reduce the profits anticipated by the investors at the time of the issue.

Restrictive covenants

The Bonds do not restrict the Issuer or its Subsidiaries from incurring additional debt. Condition 3(1) contains a negative pledge that prohibits the Issuer and its Principal Subsidiaries (as defined in the Terms and Conditions of the Bonds) in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed or quoted debt instruments, and there are certain exceptions to the negative pledge. In particular, Condition 3(2) provides that the negative pledge provisions do not apply to securities created by a Principal Subsidiary to secure indebtedness incurred in connection with financing or refinancing of an Acquisition as further described in Condition 3(2). The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of the Issuer, or its ability to distribute dividends or buy back shares. The Issuer's Subsidiaries are not bound by obligations of the Issuer under the Bonds and are not guarantors of the Bonds. These limited restricted covenants may not provide sufficient protection for investors in the Bonds which could negatively impact the Bondholders and increase the risk of losing all or part of their investment in the Bonds.

Risks related to fixed rate structure of the Bonds

In accordance with Condition 4 (*Interest*), the Bonds will bear interest at the rate of 4.500 per cent. *per annum*. Investment in Bonds which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the market value of the relevant series of Bonds. In particular, a Bondholder which receives interest at a fixed rate is exposed to the risk that the market value of such Bond could fall as a result of changes in the market interest rate. While the nominal interest rate of the fixed rate

Bonds is fixed during the term of such Bonds, the current interest rate on the capital markets (“**market interest rate**”) typically varies on a daily basis. As the market interest rate changes, the market value of the fixed rate Bonds would typically change in the opposite direction. If the market interest rate increases, the market value of the fixed rate Bonds would typically fall, until the yield of such Bonds is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Bonds would typically increase, until the yield of such Bonds is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a risk to the market value of the Bonds which could have a negative impact if a Bondholder were to dispose of the Bonds.

TERMS AND CONDITIONS OF THE BONDS

The terms and conditions of the Bonds (the “Terms and Conditions” or the “Conditions”) will be as follows:

The issuance of the €300,000,000 4.500 per cent. Bonds due 19 June 2030 (the “**Bonds**”) of WENDEL, a French *société européenne à directoire et conseil de surveillance*, incorporated under the laws of France and registered with the *Registre du Commerce et des Sociétés* of Paris under number 572 174 035, whose registered office is at 2-4, rue Paul Cézanne, 75008 Paris, France (the “**Issuer**”) has been authorised pursuant to a resolution of the *Conseil de surveillance* (Supervisory Board) of the Issuer adopted on 5 June 2023, a resolution of the *Directoire* (Executive Board) of the Issuer dated 8 June 2023 and a decision of the *Directeur Financier* of the Issuer dated 13 June 2023. The Issuer will enter into an agency agreement dated 19 June 2023 relating to the Bonds (such agreement as amended and/or supplemented and/or restated from time to time, the “**Agency Agreement**”) with Société Générale as fiscal agent and paying agent (the “**Paying Agent**” and, together with any other paying agents appointed from time to time, the “**Paying Agents**”, which term shall include successors) and as calculation agent (the “**Calculation Agent**”, which term shall include successors).

1 Form, Denomination and Title

(1) Form and Denomination

The Bonds are issued on 19 June 2023 (the “**Issue Date**”) in dematerialised bearer form in the denomination of €100,000 each (the “**Denomination**”). Title to the Bonds will be established and evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France (“**Euroclear France**”), which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “**Account Holders**” shall mean any intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank SA/NV (“**Euroclear**”) and the depositary bank for Clearstream Banking S.A. (“**Clearstream**”).

(2) Title

Title to the Bonds shall be evidenced by entries in the books of the Account Holders, and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books, in accordance with Articles L.211-15 and L.211-17 of the French *Code monétaire et financier*.

The ISIN of the Bonds is FR001400ION6.

2 Status of the Bonds

The Bonds constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and (subject to the provisions of Condition 3) rank and will rank *pari passu*, without any preference among themselves and, subject to such exceptions as are from time to time mandatory under French law, with all other outstanding, unsecured and unsubordinated obligations, present and future, of the Issuer.

3 Negative Pledge

(1) Negative Pledge

So long as any of the Bonds remains outstanding (as defined below), the Issuer will not, and will ensure that save as stated in paragraph (2) below no Principal Subsidiary (as defined below) shall, create or permit to subsist any Security Interest (as defined below) upon the whole or any part of the Issuer's or such Principal Subsidiary's (as defined below) present or future undertaking, business, assets or revenues to secure any Relevant Indebtedness (as defined below), unless at the same time or prior thereto the Issuer's obligations under the Bonds either (a) are equally and rateably secured by such Security Interest (as defined below) or (b) have the benefit of such other security, guarantee or indemnity or other arrangement as shall be approved by a General Meeting (as defined in Condition 12 (*Representation of the Bondholders*)). For the avoidance of doubt, any escrow arrangement is not a Security Interest (as defined below) and does not fall within the scope of this negative pledge provision.

(2) Acquisition Debt

Paragraph (1) above shall not apply to any Security Interest (as defined below) created by a Principal Subsidiary (as defined below) to secure any Relevant Indebtedness (as defined below) which is incurred (or granted in the case of a guarantee) for or in connection with any one or more of the following purposes: (i) financing in whole or in part the making of an Acquisition (as defined below); (ii) paying or funding in whole or in part related fees, costs, expenses and financing requirements; (iii) refinancing financial indebtedness of the target of such Acquisition (as defined below) (x) existing at the time of the Acquisition (as defined below) or (y) incurred at any time during a 12-month period beginning on the date of the Acquisition (as defined below); and (iv) refinancing in whole or in part financial indebtedness taken on for any or all of the foregoing purposes.

(3) Interpretation

For the purposes of these Conditions:

- (a) **"outstanding"** means, in relation to the Bonds, all the Bonds issued other than: (a) those which have been redeemed in accordance with the Conditions, (b) those in respect of which the date for redemption in accordance with the Conditions has occurred and the redemption monies (including all interest accrued on such Bonds to the date for such redemption and any interest payable under Condition 4 after such date) have been duly paid to the Paying Agent and (c) those which have been purchased and cancelled as provided in Condition 6.
- (b) **"Relevant Indebtedness"** means (i) any present or future indebtedness for borrowed money for, or in respect of, or represented by any notes (excluding, for the avoidance of doubt, notes constituting promissory notes and bills of exchange issued in the ordinary course of trade), bonds (*obligations*), debentures, debenture stock, loan stock or other securities (including *titres de créances négociables*) which are for the time being, or are likely to be or capable of being, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other securities market and (ii) any guarantee or indemnity or other like obligation granted in respect of any such indebtedness;
- (c) **"Acquisition"** means the purchase of a business by either (i) a Principal Subsidiary or (ii) an entity in which the Issuer has an interest which permits it to appoint at least one member of the board of directors (or its equivalent) of such entity, including by way of the purchase of (x) the

assets, liabilities and associated goodwill of that business; (y) the shares (or equivalent units) in each company, entity or fund which is carrying on that business;

- (d) “**Security Interest**” means mortgage, charge, lien, pledge or other Security Interest (*sûreté réelle*);
- (e) “**Principal Subsidiary**” shall mean, in relation to any Person or entity at any time, any other Person or entity (whether or not now existing) as defined in Article L.233-1 of the French *Code de commerce*; and
- (f) “**Person**” includes any individual, company, corporation, firm, partnership, joint venture, undertaking, association, organisation, trust, state or agency of a state (in each case whether or not having separate legal personality).

4 Interest

(1) Interest Payment Dates

The Bonds bear interest from and including the Issue Date. The Bonds bear interest on their outstanding principal amount from time to time at the rate of 4.500 per cent. *per annum*, payable annually *in arrear* on 19 June in each year commencing on 19 June 2024 (each, an “**Interest Payment Date**”).

The amount of interest payable in respect of each Bond on each Interest Payment Date (assuming no partial redemption by the Issuer pursuant to Condition 6(4) below) shall be €4,500 on each Interest Payment Date.

(2) Interest Accrual

Each Bond will cease to bear interest from and including the due date for redemption unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (both before and after judgment, as the case may be) until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Bond up to that date have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Bonds has been received by the Paying Agent and notice to that effect has been given to the Bondholders in accordance with Condition 11 (*Notices*).

(3) Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full year, it shall be calculated on the basis of an Actual/Actual (ICMA) basis for each period, that is to say the actual number of calendar days elapsed during the relevant period divided by 365 (or by 366 if a February 29 is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5 Payments, Agents

(1) Method of Payment

Payments of principal and interest in respect of the Bonds will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the

payee in a city in which banks have access to the T2. “T2” means the real-time gross settlement system operated by the Eurosystem or any successor or replacement thereto.

Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments validly made to such Account Holders in favour of the Bondholders will be an effective discharge of the Issuer and the Paying Agents, as the case may be, in respect of such payments.

Payments of principal and interest on the Bonds will, in all cases, be subject to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 (*Taxation*).

(2) **Payment only on a Business Day**

If any due date for payment of principal or interest in respect of any Bond is not a Business Day (as defined below), then the Bondholder thereof shall not be entitled to payment of the amount due until the next following calendar day which is a Business Day and the Bondholder shall not be entitled to any interest or other sums in respect of such postponed payment.

In this Condition:

“**Business Day**” means, any calendar day, not being a Saturday or a Sunday on which the T2 is operating and on which Euroclear France is open for general business.

(3) **Initial Paying Agent and Calculation Agent**

The name of the initial Paying Agent and Calculation Agent and its initial specified office is set out at the end of these Conditions. The Issuer reserves the right at any time to vary or terminate the appointment of a Paying Agent or the Calculation Agent and to appoint additional or other Paying Agents or a successor Calculation Agent provided that it will at all times maintain a Fiscal Agent and a Calculation Agent and a Paying Agent.

Notice of any termination or appointment and of any changes in specified offices shall be given to the Bondholders promptly by or on behalf of the Issuer in accordance with Condition 11 (*Notices*).

6 Redemption and Purchase

(1) **Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as provided below, the Issuer will redeem the Bonds at their principal amount on 19 June 2030 (the “**Maturity Date**”).

(2) **Redemption for Taxation Reasons**

If, as a result of any change in, or amendment to, the laws or regulations of the Republic of France or any political sub-division or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective after the Issue Date, the Issuer would, on the next Interest Payment Date, be required to pay Additional Amounts (as defined, and as provided or referred to in Condition 7(2)), and the requirement cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may at its option, at any time, having given not less than 15 nor more than 30 calendar days’ notice to the Bondholders, in accordance with Condition 11 (*Notices*) (which notice shall be irrevocable), redeem all outstanding Bonds, but not some only, at any time at their principal amount together with interest accrued to but excluding the date of redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could

make payment of principal, interest or other assimilated revenues in respect of the Bonds without paying any Additional Amounts or, if such date is past, as soon as practicable thereafter.

(3) **Special Tax Redemption**

If the Issuer would on the next Interest Payment Date be prohibited by any law or regulation of the Republic of France from making the payment of the Additional Amounts as provided or referred to in Condition 7(2), the Issuer shall, in lieu of making any such payments, at any time, having given not less than 7 nor more than 45 calendar days' notice to the Bondholders in accordance with Condition 11 (*Notices*), redeem all outstanding Bonds at their principal amount, together with accrued interest to (but excluding) the date fixed for redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal, interest or other assimilated revenues in respect of the Bonds without paying any Additional Amounts or, if such date is past, as soon as practicable thereafter.

(4) **Redemption at the Option of the Issuer**

(a) **Pre-Maturity Call Option**

The Issuer may, at its option, from and including 19 March 2030 to but excluding the Maturity Date, having given not less than 15 nor more than 30 calendar days' notice to the Bondholders in accordance with Condition 11 (*Notices*) (which notice shall specify the conditions, if any, to which the redemption is subject (including in particular any refinancing condition)), redeem the outstanding Bonds, in whole or in part, at their principal amount together with interest accrued to but excluding the date of redemption.

(b) **Make Whole Redemption by the Issuer**

The Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and having given not less than 15 nor more than 30 calendar days' notice to the Bondholders in accordance with Condition 11 (*Notices*) (which notice shall specify the conditions, if any, to which the redemption is subject (including in particular any refinancing condition)), have the option to redeem the outstanding Bonds, in whole or in part, at any time prior to 19 March 2030 (the "**Optional Make Whole Redemption Date**") at their Optional Redemption Amount (as defined below).

The Optional Redemption Amount will be calculated by the Calculation Agent and will be an amount in Euro rounded to the nearest cent (half a cent being rounded upwards) being the greater of (x) 100 per cent. of the Denomination of the Bonds so redeemed and (y) the sum of the then present values on the relevant Optional Make Whole Redemption Date of (i) the Denomination of each Bond and (ii) the remaining scheduled payments of interest on such Bond to 19 March 2030 (assuming for this purpose that accrued interest to (but excluding) such date would be payable and that the principal amount would be repaid on such date) (determined on the basis of the interest rate applicable to such Bond (excluding any interest accruing on such Bond from and including the Issue Date or, as the case may be, the scheduled Interest Payment Date immediately preceding such Optional Make Whole Redemption Date to, but excluding, such Optional Make Whole Redemption Date)), discounted from 19 March 2030 to such Optional Make Whole Redemption Date on an annual basis at the Early Redemption Rate (as defined below) plus an Early Redemption Margin (as defined below), plus in each case (x) or (y) above, any interest accrued on the Bonds to, but excluding the Optional Make Whole Redemption Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final

and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Bondholders.

“Early Redemption Margin” means 0.35 per cent. *per annum*.

“Early Redemption Rate” means the average of the four quotations given by the Reference Dealers (as defined below) of the mid-market annual yield to maturity of the Reference Benchmark Security (as defined below) on the fourth business day in Paris preceding the relevant Optional Make Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

If the Reference Benchmark Security (as defined below) is no longer outstanding, a Similar Security (as defined below) will be chosen by the Calculation Agent after prior consultation with the Issuer if practicable under the circumstances, at 11.00 a.m. (Central European time (CET)) on the fourth business day in Paris preceding the Optional Make Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer.

“Reference Benchmark Security” means the German Government bond (DBR 0% maturing on 15 February 2030 with ISIN DE0001102499).

“Reference Dealers” means each of the four banks (that shall, under any practicable circumstances, at least include, Crédit Agricole Corporate and Investment Bank, Crédit Industriel et Commercial S.A., Mediobanca – Banca di Credito Finanziario S.p.A. and Société Générale), selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

“Similar Security” means a reference bond or reference bonds issued by the German Government having an actual or interpolated maturity comparable with the remaining term of the Bonds that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Bonds.

(c) **Squeeze-Out Call Option**

In the event that 75 per cent. or more in initial aggregate nominal amount of the Bonds have been redeemed, the Issuer may, at its option, subject to having given not less than 15 or more than 30 calendar days’ notice to the Bondholders in accordance with Condition 6(8) (which notice shall be irrevocable), redeem all, but not some only, of the outstanding Bonds at their principal amount plus accrued interest up to but excluding the date fixed for redemption.

(d) **Partial Redemption**

In the case of a redemption on any day by the Issuer of less than all the outstanding Bonds on such day, pursuant to this Condition 6(4), such redemption will be effected by reducing the principal amount of all Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day, subject to compliance with any applicable laws and the requirements of Euronext Paris.

(e) **Notices**

Any decision by the Issuer to redeem any Bonds pursuant to this Condition 6(4) (a) or (b) will be, in addition to the requirements of Condition 11 (*Notices*) below, published in a notice published by Euronext Paris.

(5) **Redemption at the Option of the Bondholders (Change of Control)**

- (a) A “**Put Event**” shall be deemed to occur if:
- (i) any person or any persons acting in concert (within the meaning of Article L.233-10 of the French *Code de commerce*) (the “**Issuer Relevant Persons**”)) or any person or persons acting on behalf of any such person(s) at any time directly or indirectly own(s) or acquire(s): (A) more than 50 per cent. of the issued or allotted ordinary share capital of the Issuer or (B) such number of shares in the capital of the Issuer carrying more than 50 per cent. of the total voting rights attached to the issued or allotted share capital of the Issuer that are normally exercisable at a general meeting of the Issuer (such event being a “**Change of Control**”), provided that a Change of Control shall be deemed not to have occurred if (a) all or substantially all of the Issuer Relevant Persons or all or substantially all of the shareholders of the Issuer Relevant Persons are, or immediately prior to the event which would otherwise have constituted a Change of Control were, directly or indirectly, the shareholders of the Issuer with the same (or substantially the same) pro rata interest in the share capital of the Issuer or in the share capital of the Issuer Relevant Person as such shareholders have, or as the case may be, had in the share capital of the Issuer; or (b) the Relevant Person is, or immediately prior to the event which would otherwise have constituted a Change of Control was, a shareholder of the Issuer and already owns, or immediately prior to the event which would otherwise have constituted a Change of Control owned, (alone or together with the person or persons acting in concert) at least 30 per cent. of the issued or allotted share capital of the Issuer or such number of shares in the capital of the Issuer carrying at least 30 per cent. of the total voting rights attached to the issued or allotted share capital of the Issuer that are normally exercisable at a general meeting of shareholders of the Issuer; and
 - (ii) on the date (the “**Relevant Announcement Date**”) that is the earlier of (x) the date of the first public announcement of the relevant Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement (as defined below) (if any), the Bonds are assigned by either of Moody’s Deutschland GmbH (“**Moody’s**”) or S&P Global Ratings Europe Limited (“**S&P**”) or any of their respective successors or any other rating agency (each a “**Substitute Rating Agency**”) of international standing, specified by the Issuer (each, a “**Rating Agency**”):
 - (A) an investment grade credit rating (Baa3/BBB-, or equivalent, or better), and such rating from any rating agency is within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such rating agency; or
 - (B) a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse), and such rating from any rating agency is within the Change of Control Period downgraded by one or more notches (for illustration, Ba1/BB+ to Ba2/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such rating agency; or

- (C) no credit rating, and no rating agency assigns within the Change of Control Period an investment grade credit rating to the Bonds,

provided that if on the Relevant Announcement Date the Bonds carry a credit rating from more than one rating agency, at least one of which is investment grade, then subparagraph (A) will apply; and

- (iii) in making the relevant decision(s) referred to above, the relevant rating agency announces publicly or confirms in writing to the Issuer, the Paying Agent or the holder of any Bond, that such decision(s) resulted, in whole or to a significant degree, from the occurrence of the Change of Control.

If the rating designations employed by either of Moody's or S&P are changed from those which are described in paragraph (ii) of the definition of "Put Event" above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine the rating designations of Moody's or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's or S&P and this Condition 6(5) shall be read accordingly.

Such option shall operate as set out below.
- (c) Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall, give notice (a "**Put Event Notice**") to the Bondholders in accordance with Condition 11 specifying the nature of the Put Event and the procedure for exercising the option contained in this Condition 6(5).
- (d) To exercise the option to require the redemption or purchase of a Bond under this Condition 6(5) the holder of the Bond must transfer or cause to be transferred its Bonds to be so redeemed or purchased to the account of the Paying Agent specified in the Change of Control Put Notice (as defined below) for the account of the Issuer within the period (the "**Put Period**") of 45 calendar days after a Put Event Notice is given and send to the specified office of any Paying Agent a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a "**Change of Control Put Notice**") and in which the holder must specify a bank account to which payment may be made under this Condition. A Change of Control Put Notice once given shall be irrevocable. Payment in respect of any Bond so transferred will be made on or after the date which is seven calendar days after the expiry of the Put Period (the "**Put Date**"). The payment will be made on the Put Date by transfer to that bank account specified in the Change of Control Put Notice.
- (e) For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the Bondholder may incur as a result of or in connection with such Bondholder's exercise or purported exercise of, or otherwise in connection with, any Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

"**Change of Control Period**" means the period commencing on the Relevant Announcement Date and ending 90 calendar days after the Change of Control (or such longer period for which the rating of the Bonds is under consideration (such consideration having been announced publicly within the period ending 90 calendar days after the Change of Control) for rating

Bonds so purchased by the Issuer may be cancelled or held and resold in accordance with applicable laws for the purpose of enhancing the liquidity of the Bonds or any other lawful purpose or in any other lawful manner.

(7) **Cancellations**

All Bonds which are redeemed will forthwith be cancelled and accordingly may not be reissued or resold.

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Bondholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Bonds.

(a) **Representative:**

The following person is designated as Representative of the Masse:

If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a General Meeting shall be published as provided under the French *Code de commerce*.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

Notices seeking the approval of a Written Resolution will contain the conditions of form and time limits to be complied with by the Bondholders who wish to express their approval or rejection of such proposed Written Resolution. Bondholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Bonds until after the Written Resolution Date. For the purpose hereof, a “**Written Resolution**” means a resolution in writing signed by the Bondholders of not less than 75 per cent. in principal amount of the Bonds outstanding.

- (f) **Decisions of the General Meetings:** Decisions of the Bondholders made at the General Meetings and Written Resolutions once approved shall be published in accordance with the provisions of the French *Code de commerce*.

13 Further Issues

The Issuer may, from time to time without the consent of the Bondholders, issue further bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds will, for the defence of their common interests, be grouped in a single Masse having legal personality.

SALES OF GROUP COMPANIES

Bureau Veritas – Strong start to the year; 2023 outlook confirmed.

(full consolidation)

Bureau Veritas' revenue in the first quarter of 2023 amounted to €1,404.5 million, an +8.9% increase compared with Q1 2022. Organic growth was +8.5%, led by sustained strong momentum for sustainability and energy transition across all businesses. During the quarter, Bureau Veritas launched a certification scheme for renewable hydrogen (whose objective is to ensure that it is produced under safe and sustainable practices, and from renewable energy sources) and obtained the accreditation for a new 'anti-food waste' label certification.

Growth was driven by the vast majority of the portfolio across all geographies (Americas, Middle East, Europe, Africa and Asia Pacific) with a strong organic growth from Marine & Offshore +13.5%, Industry +12.5%, Certification +11.2%, Buildings & Infrastructure +9.0% and Agri-Food & Commodities +7.7%. Less than a sixth of the portfolio (Consumer Products Services) declined 3.5% organically due to fewer new product launches and volumes.

The scope effect was a positive +1.5%, reflecting bolt-on deals realized in the past few quarters. The currency impact was negative by -1.1%, mainly due to the depreciation of some emerging countries' currencies against the euro.

2023 Outlook confirmed

Based on a healthy sales pipeline and the significant growth opportunities related to Sustainability, and taking into account the current macro uncertainties, Bureau Veritas expects for the full year 2023 to deliver:

- Mid-single-digit organic revenue growth;
- A stable adjusted operating margin;
- A strong cash flow, with a cash conversion¹ above 90%.

Constantia Flexibles – Total growth of +21.8% with organic growth of +19.0% and improved profitability.

(full consolidation)

Q1 2023² sales totaled €526.7 million, up +19.0% on an organic basis driving a strong business performance in terms of both profitability and cash generation. The sales growth was driven by (i) strong volume growth in the Pharma markets and low single digit growth in the Consumer markets and, (ii) further price increases compensating the impact of cost inflation. Total sales growth was +21.8%. The acquisition of FFP Packaging Solutions (FFP) in August 2022 contributed positively to the top line growth (+1.4%) and FX had a positive impact of +1.4%.

Constantia Flexibles continued its selective acquisition strategy: on March 2, 2023, Constantia Flexibles announced the signing of an agreement to acquire the Polish company Drukpol Flexo and on April 6, 2023, Constantia Flexibles announced the acquisition of Lászlópack Kft., a Hungarian flexible packaging producer. These two acquisitions represent an estimated additional annualized sales of c.€45 million in 2023. These acquisitions in combination with the Propak (June 2021) and FFP acquisitions has significantly enhanced Constantia's flexo printing capabilities whilst adding valuable local customer bases.

As a reminder, throughout 2022, margins were protected by a successful passthrough of unprecedented cost inflation and good management of the sales mix. The margin trend remains positive in the first 3 months of 2023 with a positive outlook for Q2.

Stahl – Total sales down -8.6% in Q1 2023, impacted by lower than expected volumes. Successful completion of the acquisition of ICP Industrial Solutions Group.

(full consolidation)

Stahl, posted total sales of €205.5 million in Q1 2023, representing a decrease of -8.6% versus Q1 2022. Organic growth was at -12.5% over the quarter, while FX was positive (+1.5%) and scope effect contributed positively for +2.4%, following the acquisition of ICP Industrial Solutions Group in March 2023.

Activity in the global coatings industry was generally muted during the first quarter of the year. Stahl experienced low volumes across its divisions, only partly compensated by favorable price trends and FX. The orderbook started to recover towards the end of the quarter. Stahl expects a progressive rebound starting in Q2 2023 and continuing towards the end of the year, in the wake of a normalization along the supply chain and the end of customers' destocking.

On March 16, 2023, Stahl completed the acquisition of ICP Industrial Solutions Group (ISG), a leader in high performance coatings for packaging and labelling applications. This acquisition reinforces Stahl's position as the global leader in the field of specialty coatings and treatments for flexible substrates.

Crisis Prevention Institute – Revenue growth of +12.8% as compared with Q1 2022, +14.9% organically.

(full consolidation)

¹ Net cash generated from operating activities/Adjusted Operating Profit

² In accordance with IFRS 5, Indian activities are classified as discontinued operations and are reclassified. Figures are excluding Indian activities in 2022 and 2023

Crisis Prevention Institute recorded first quarter 2023 revenue of \$26.4 million, up +12.8% vs. Q1 2022. Of this increase, +14.9% was organic growth, offset by -2.1% impact from FX movements.

Growth was underpinned by continued expansion of the installed base of Certified Instructors (CIs), as well as the related growth in renewals and peer training. In addition, Q1 growth was also driven by the expansion of program offerings, providing Certified Instructors with even more options for specialized, topic-specific training.

CPI continues to experience a mix shift toward digital solutions for both new CIs and renewals, with programs retaining the required in-person components. CPI is focused, as well, on expanding its product outreach with 'verbal intervention' trainings in adjacent markets.

ACAMS – Total sales down -14% in Q1, impacted by Conferences & Training timing effects, to be offset in Q2.

(full consolidation since March 11, 2022)

ACAMS, the global leader in training and certifications for anti-money laundering and financial-crime prevention professionals, generated total revenue of \$21.3 million, down 14.1% vs. Q1 2022. The year-over-year decline in the first quarter was anticipated due to the benefit of an unusually large enterprise contract booked in Q1 2022, and ACAMS's second-largest annual conference that was held in Q1 2022 and scheduled for Q2 2023. The large contract that benefited Q2 2022 was initiated in response to regulatory requirements and required corrective actions to improve its compliance culture, which can often produce higher revenue at the beginning of a contract than in subsequent years.

Excluding the benefit of these events on the prior year, ACAMS would have reported +9.6% year-over-year growth for the first quarter, reflecting momentum in the Company's enterprise sales efforts, notably in the U.S. and Europe, and increased adoption by Chinese banks in preparation for a planned upcoming regulatory evaluation.

ACAMS anticipates the current momentum and conference bookings to produce accelerated growth through the rest of 2023, recognizing the uncertainty related to the timing of certain large enterprise contracts and developments in the banking industry that could impact actual results.
